I. INTRODUCTION

The State of South Carolina shall administer a statewide anti-poverty program in accordance with the Community Services Block Grant Act through funds allocated by the Secretary of the U.S. Department of Health and Human Services (HHS). This program shall be identified in South Carolina as the Community Services Block Grant (CSBG) Program.

In PY 2007, HHS appropriated \$630,425,000 to states for CSBG. Of that, \$9,639,167 was awarded to the State of South Carolina for CSBG programs.

The Governor's Office of Economic Opportunity (OEO) administers the South Carolina CSBG Program and a network of fifteen (15) community action agencies delivers services to every county in the State. Working in partnership with the community action agencies and the SC Association of Community Action Partnerships (SCACAP), OEO will fund services and activities designed to have a measurable reduction on poverty-related conditions and promote the development of social and economic self-sufficiency among low-income individuals, particularly families who are attempting to transition from poverty.

CSBG service categories include, but are not limited to, employment, education, self-sufficiency, income management, housing, emergency services, nutrition, health and safety and linkages. The "other" service category may be approved based on the local needs assessment.

In PY 2008, the focus for South Carolina Results-Oriented Management and Accountability (SCROMA), the State's client management software system, will include long-range development and improved customization for better tracking and outcomes reporting. Efforts will also include targeted training of CAA system administrators to encourage network ownership and to increase system use for live intake by agency program staff.

A. STATUTORY AUTHORITY

1. STATE STATUTORY AUTHORITY

The General Assembly of South Carolina enacted the "Community Economic Opportunity Act of 1983," Act 143 of the 1983 South Carolina Code of Laws. The law became effective June 17, 1983. **The Office of the Governor, Office of Economic Opportunity (OEO), 1205 Pendleton Street, Columbia, South Carolina 29201, (803) 734-0662**, was designated as the State's administering agency for the Community Services Program under a provision of this law.

The State of South Carolina shall administer the Community Services Block Grant Program (herein referred to as CSBG) in accordance with the following federal statutory authorities.

2. FEDERAL STATUTORY AUTHORITY

- Title VI, Subtitle B, of the Omnibus Budget Reconciliation Act of 1981 (PL 97-35, as amended), which is also cited as "Community Services Block Grant Act," and is herein referred to as the "Act".
- Augustus Hawkins Human Services Reauthorization Act of 1984 (PL 98-558); Reauthorization Act of 1986 (PL 99-425) and Reauthorization Act of 1990 (PL 101-501), as amended.
- PY 1996 CSBG Appropriation Legislation (PL 104-134); C.F.R. Title 45, Part 96.
- Community Opportunities, Accountability, and Training and Educational Services Act of 1998 or the Coats Human Services Reauthorization Act of 1998 (PL 105-285); Department of Health and Human Services Block Grant Regulations, Current Poverty Income Guidelines; The Community Services Block Grant Act (42 U.S.C. 9901 et seq., as amended); The Community Services Block Grant Amendments of 1994, and Human Services Amendments of 1994, (PL 103-252).

The Act authorizes the Secretary of the U.S. Department of Health & Human Services (HHS) to make grants to states *for the reduction of poverty, the revitalization of low-income communities, and the empowerment of low-income families in rural and urban areas to become fully self-sufficient (Sec. 672(1))*. The CSBG funds were first made available to states in Fiscal Year 1982 and are expected to continue to be available through Fiscal Year 2008.

B. PURPOSE

In PY 2008, the State of South Carolina will fund projects designed to reduce the conditions of poverty, which affect those persons with incomes at or below the poverty level. The Office of Economic Opportunity will issue guidelines for eligibility of such persons.

South Carolina has approximately 547,869 (2000 Data, U.S. Department of Commerce, Bureau of the Census, STF 3 Profile Table) persons who live on incomes at or below the poverty level as established by the federal government. The needs of these individuals encompass the entire range of life necessities including health, education, employment, and housing. The severity of need and kinds of poverty-related conditions vary from community to community.

To accomplish anti-poverty goals, yet allow for maximum flexibility among agencies in meeting locally identified needs, the State shall require that CSBG funds be used for projects having a measurable and potentially major impact on the causes of poverty in the local community using a community action plan which shall include:

1. a current, annual community needs assessment;
2. a description of the service delivery system targeted to low-income individuals and families in the service area;
3. a description of how linkages, to the maximum extent possible, will be developed with other organizations including faith-based, charitable groups, and community organizations to fill identified gaps in services through information, comprehensive case management, and follow-up consultations;
4. a description of how funding under the Act will be coordinated with other public and private resources; and
5. a description of outcome measures to be used to evaluate success in promoting self-sufficiency, family stability and community revitalization.

II. THE NARRATIVE STATE PLAN

A. ADMINISTRATIVE STRUCTURE

1. OEO Mission and Responsibilities

- a. The mission of the OEO is to expand awareness of our human service programs throughout the State of South Carolina and to implement and maintain technical support for our service agencies in the areas of moving eligible families, including the elderly and disabled, from their current economic condition to stabilized and ultimately self-sufficient.

The OEO is charged with specific responsibilities, which collectively provide for the coordination of resources to address the needs of the economically and socially disadvantaged citizens of South Carolina. The OEO is responsible for administering, supervising and monitoring those matters pertaining to these programs: Community Services Program, Community Food and Nutrition, Low-Income Home Energy Assistance, Weatherization and Project SHARE funded operations in South Carolina. The OEO is also the state's contact for the Stewart B. McKinney Act for Emergency Shelter Grant funds and is responsible for the dissemination of homeless information throughout the state.

The OEO shall administer the Community Services Program in accordance with the State Plan, State and Federal statutes and other policies and interpretations as may be required by appropriate State or Federal authorities.

The OEO, through Grant Agreements with eligible Subgrantees, will carry out the services and activities necessary to comply with Section 675(c)(1) of the Act. OEO's minimum responsibilities as the state administering agency are:

1. Development of the State Plan and of the CSBG fund distribution process;
2. Establishment of program policies and operational procedures;
3. Development of accounting policies and procedures;
4. Development of fiscal procedures, including required audits;
5. Procedures for record maintenance and for supporting documentation;
6. Issuance of policies and procedures for compliance with Act 143 of 1983, South Carolina Code of Laws, referenced as the "Community Economic Opportunity Act of 1983", as amended;
7. Review and approval of Subgrantee Work Plans;
8. Determination of Subgrantee eligibility;
9. Issuance of grants;
10. Monitoring of the program throughout the state;

11. Training and technical assistance;
12. Evaluation of Subgrantee agency program performance and identification of remedial procedures;
13. Reporting of program data.

b. OEO's Outcome Statements and Performance Targets

The CSBG outcome statements, performance targets, and activities/milestones for the State of South Carolina for PY 2008 are as follows:

Outcome Statement 1: To fund anti-poverty programs and activities that will, as a result, achieve measurable improvement in the overall lives of clients, their households, and communities of South Carolina's low-income populations; utilizing comprehensive case management best practices for eligible families and individuals served, as feasible. To achieve this goal, the State establishes the following objectives:

Performance Target 1: *As a prerequisite to the continuation of existing programs and/or new program development and implementation, each Subgrantee must conduct a current year-to-date CSBG Program Evaluation.*

Activity/Milestone 1: Using the Subgrantee Semi-Annual Narrative Report, each Subgrantee must evaluate the current program year Performance Targets (Objectives) and outline proposed revisions for the coming year. These revisions are needed to improve project outcome(s). The Program Evaluation must be completed and submitted to OEO by July 16, 2008.

Performance Target 2: *Using a variety of mechanisms to solicit information, as a prerequisite to continuation of existing programs and/or new programs, each Subgrantee must conduct an annual needs assessment within and reflective of the needs and conditions of the respective service area to include each county served. Data sources must be included, current and clearly cited.*

Activity/Milestone 2: Each Subgrantee must submit a current Needs Assessment along with the Work Plan. The current Needs Assessment should identify the need and community involvement and should avoid duplication of services when possible ([Appendix B](#)).

Performance Target 3: *To fund programs to achieve self-sufficiency.*

Activity/Milestone 3: Ensure that subgrantees provide services related to the needs of low-income families and individuals, so that these services may have a measurable and potentially major impact on the causes of poverty in the community and may help the families and individuals to achieve self-sufficiency.

Performance Target 4: *To fund programs that will decrease the State's current unemployment rate and the number of underemployed persons in the low-income population.*

Activity/Milestone 4: Subgrantees provide programs which will create sustainable employment and increase earned income opportunities. Any employment projects submitted to the OEO, to include the use of CSBG funds, must include current written coordination, and are required to be a One-Stop Partner under the Workforce Investment Act (WIA), with local offices of the State Employment Security Commission in the Subgrantee's area. Roles and responsibilities must be outlined. Each Subgrantee's referral arrangements/coordination plans shall be documented in the Work Plan. Evidence of referrals and coordination shall be clearly cited in client files.

Performance Target 5: *According to the 2000 U.S. Census (Table DP-2), South Carolina has over 600,000 people aged 25 years and older, without a high school diploma. It is the State's intent to only fund programs designed and/or proven to increase the number of persons in the low-income population that obtain an adequate education in order that they may begin to progress and ultimately attain self-sufficiency.*

Activity/Milestone 5: Subgrantees provide programs that will provide definitive evidence of actually assisting young persons and uneducated/undereducated adults in completing their education. Uneducated/undereducated and illiterate adults should also be targeted for assistance. Any educational project is encouraged to include current written coordination with local school district and any state technical and/or vocational schools in the Subgrantee's area. Roles and responsibilities are to be defined to prevent the duplication of services. Each Subgrantee's referral arrangements/coordination plans shall be documented in the Work Plan. Evidence of referrals and coordination shall be clearly cited in client files.

Performance Target 6: To fund programs that will decrease the number of persons in the low-income population residing in substandard housing.

Activity/Milestone 6: Subgrantees provide program opportunities that will assist low-income persons in securing and maintaining new and/or safe and affordable housing. Any housing project must include current written coordination with local housing authorities, municipalities, county governments or any other organizations that are involved in service area housing programs.

Performance Target 7: To fund programs that will ameliorate the immediate, adverse affects of malnutrition and health-related issues for low-income persons.

Activity/Milestone 7: Subgrantees provide programs to help reduce the adverse affects of health-related issues and increase the availability of nutritional food sources, while improving nutritional skills. Nutrition project may include current written coordination with faith-based organizations, other community organizations, local offices of the Agricultural Extension Services of Clemson University and the South Carolina Department of Social Services in the Subgrantee's service area. Each Subgrantee's referral arrangements/coordination plans shall be documented in the Work Plan.

Performance Target 8: To fund support programs that provide energy assistance and improve home energy and income management skills to decrease the number of low-income persons adversely affected by the cost of home energy.

Activity/Milestone 8: Subgrantees provide staff support programs in accordance with OEO-approved Low-Income Home Energy Assistance Program (LIHEAP) Operational Plans, designed to improve home energy and income management skills and provide energy assistance for program-eligible households. CSBG support for energy projects must be coordinated with the OEO LIHEAP. Each Subgrantee's referral arrangements/coordination plans shall be documented in the Work Plan and evidence of referrals and coordination shall be clearly documented in client files.

Outcome Statement 2: To fund emergency assistance programs for the low-income population to stabilize crisis situations for potentially vulnerable clients and their households.

Performance Target 1: Subgrantees create an Emergency Assistance Program which provides aid to meet urgent and immediate individual family needs.

Activity/Milestone 1: General Emergency Assistance Programs (GEAP), submitted to the OEO for funding through CSBG, should include current written coordination with faith-based organizations, other community organizations, the local Department of Social Services, United Way, and appropriate private and public organizations that are engaged in the provision of emergency aid in the service area; thereby providing entire households with other agency-area programs and services creating opportunities for increased overall stability and self-sufficiency. Each Subgrantee's referral arrangements/coordination plans shall be documented in the Work Plan. The State will allocate at least seven and one-half percent (7.5%) of the total State allocation for Outcome Statement 2 above.

Outcome Statement 3: The State will assist in the coordination of CSBG projects with other governmental, social service, faith-based organizations and other community organizations to access program eligible data. Subgrantee Work Plans should outline the coordination efforts of community partners.

Performance Target 1: To promote an ongoing exchange of authorized information and other data between project operators and related State and Federal human service agencies, including, but not limited to: The U.S. Department of Health and Human Services, the South Carolina Department of Social Services, the South Carolina Department of Health and Human Services, the U.S. Department of Housing and Urban Development, and the South Carolina Employment Security Commission. The purpose of the information exchange is to coordinate project activities for maximum efficiency and effectiveness and prevent the duplication of service within the local service area.

Activity/Milestone 1: The State will:

- a. Ensure linkages between agencies are established;
- b. Continue to facilitate the implementation of the SCROMA Reporting System; thereby enhancing the communication among agencies for the provision of services to participants and avoiding duplication of efforts;

- c. Identify growth in agency and State collaborations which result in moving applicants/participants and their households toward self-sufficiency; and
- d. Ensure that, as a result of the CSBG funds invested, non-monetary assistance programs that require the use of other funds and resources are well documented and demonstrate a move toward increased self-sufficiency for clients and their households.

Outcome Statement 4: The State will ensure funded activities are producing measurable results through effective administration. The State will provide ongoing training and technical assistance to ensure proper process evaluation for desired results.

Performance Target 1: *The State will monitor and evaluate the performance of the Subgrantees in the implementation and completion of all CSBG projects in accordance with State and Federal monitoring guidelines.*

Activity/Milestone 1:

- a. The OEO will conduct at least one monitoring visit to each Subgrantee during the period January 1, 2008 through December 31, 2008.
- b. The OEO may conduct a formal, in-depth evaluation of CSBG projects through a team monitoring visit and SCROMA database analysis which will assess overall performance in resource allocation, fiscal and program implementation and operations.

Outcome Statement 5: The State will ensure that eligible entities are increasing the availability of local, public and private funds, and in-kind dollars.

Performance Target 1: *Subgrantees will develop and implement a plan to expand partnerships and other collaboratives to further increase public and private resources.*

Activity/Milestone 1: Each Subgrantee must provide the OEO performance targets and activity/milestones for increasing agency capacity in the Work Plan.

Outcome Statement 6: The State will assist in assuring board compliance.

Performance Target 1: *The State will conduct a complete review of each agency's board of directors to ensure compliance with State and Federal law. When out of compliance, the OEO will provide technical assistance to the Subgrantee to ensure that boards are in compliance, properly structured and fully participating in the development, implementation and evaluation of agency programs to serve low-income communities.*

Activity/Milestone 1: With the submission of the PY 2008 Work Plan, Subgrantees will provide the OEO an updated current board of directors and standing committees' rosters and completed and signed board composition forms. Subgrantees will submit to the OEO a set of minutes for each board meeting no later than thirty (30) days following the approval of the minutes. Changes in composition are to be reported by the Board Chairperson to the OEO within thirty (30) days of the change.

Performance Target 2: *The State will conduct a complete review of each agency's board by-laws to ensure compliance with State and Federally required tripartite board structure and other pertinent information such as duties of the executive director, board officers and members, filling vacancies, and process for electing board members, especially representatives of the poor.*

Activity/Milestone 2a: Subgrantees will provide the OEO a current copy of the board's bylaws and policies and procedures manual along with the Work Plan.

Activity/Milestone 2b: Subgrantees will provide the OEO a description of the process used to identify and select local board members, including business representatives along with the Work Plan.

Activity/Milestone 2c: Subgrantees will provide the OEO copies of nomination letters that document board representatives are nominated by the appropriate organizations, entities, or agencies along with the Work Plan.

2. Eligible Entities

- a. **PY 2008 Eligible Entities** - The OEO will accept applications for PY 2008 funds only from Eligible Entities that are listed on the CAA Directory below. The OEO may exclude any of the eligible entities which have not complied with the criteria and policies established by the OEO. The Office of the Governor shall, in accordance

with Federal or State legislation, extend the geographic service area as necessary to other eligible entities in order to permit the more effective provision of services.

b. Eligible Entities (Subgrantees) Responsibilities - The OEO will make grants to Subgrantees to carry out the services and activities necessary to comply with Section 675C(a)(1) of the Act. The following minimum responsibilities shall be included in each grant agreement:

1. Reporting of program and fiscal data when and as required by the OEO;
2. Maintenance of an accounting system which provides adequate documentation of payments and costs, with supporting fiscal records in accordance with policies issued by the OEO and OMB Circulars;
3. Establishment of internal monitoring checks and balances for each project to assure that only eligible clients are served; assistance is appropriate; procedures are established to serve the elderly and the disabled; and that outcomes are achieved;
4. Assistance in the conduct of and participation in any hearing, termination proceeding, inspection, audit or evaluation of any aspect of the program;
5. Provide an annually approved HHS or OEO Indirect Cost Rate;
6. Adherence to policies and procedures issued by the OEO;
7. Adherence to administrative procedures issued by the OEO;
8. Adherence to the provisions of the State Plan and instructions associated with the Act issued by the OEO;
9. Employment of key project staff appropriate for the conduct of respective projects;
10. Maintenance of program records;
11. Safeguarding of the assets of the Community Services Block Grant;
12. Securing of fidelity bonding and such other insurance coverage as outlined in the grant agreement;
13. Compliance with OEO grant agreement;
14. Completing timely corrective actions to remedy errors and/or problems identified by the OEO;
15. Compliance with the requirements for equal opportunity, affirmative action, civil rights protection and for the handicapped as may be prescribed in State or Federal regulations; and
16. Compliance with policies issued by the OEO associated with Act 143 of 1983, South Carolina Code of Laws, referenced as the "Community Economic Opportunity Act of 1983", as amended.

c. General Requirements - All eligible entities that apply for Program Year 2008 CSBG funds shall comply with the following requirements:

1. Shall serve a targeted service area as defined in the Glossary of Key Terms (Appendix A);
2. Must have experience in successfully operating projects impacting on the social and economic causes of poverty;
3. Must have an acceptable financial management system and an independent audit in compliance with OMB Circulars A-87, A-110, A-122, and A-133;
4. Must have an approved current Indirect Cost Rate;
5. Must have a tripartite Board of Directors (Section D. 3. Tripartite Boards);
6. Must have a valid charter as a 501(c)3 nonprofit organization from the South Carolina Secretary of State or otherwise be legally constituted by State law; and
7. Must have thoroughly organized, implemented, and specifically reported the National Indicators of Community Action Performance in the proposed Work Plan (see Appendix F-2).
8. Must have accurately completed and timely submitted the most recent Community Services Block Grant Information System (CSBG/IS) Survey.

Results-Oriented Management and Accountability (ROMA) System - Eligible entities will participate in and comply with the ROMA System, which the Secretary facilitated development of pursuant to Section 678E, utilizing SCROMA and provide a description of specific measures to be used to substantiate the outcomes of each funded program and eligible entity performance in promoting self-sufficiency, family stability, and community revitalization.

B. DESCRIPTION OF CRITERIA AND DISTRIBUTION FORMULA

1. **ALLOCATION AND DISTRIBUTION OF FUNDS** - A total of ninety (90%) of the State's total CSBG allocation shall be awarded through grants (based on the distribution formula outlined in Section B) for the purpose of implementing anti-poverty projects to address CSBG legislative goals as set forth in Section 675(C)(1) and Section 672 of the Act. The State will use not less than ninety percent (90%) of the funds allocated under Section 674 of the Act to make grants to eligible entities, as defined in Section 673(1). Funds under this assurance will be allocated as follows:
 - a. Eighty-two and one-half percent (82.5%) of Program Year 2008 funds will be used for funding local initiative projects that are developed by eligible entities to meet Outcome Statement 1 as specified in this plan.
 - b. Seven and one-half percent (7.5%) of Program Year 2008 funds will be allocated to eligible entities to fund the General Emergency Assistance Program (GEAP) as described under Outcome Statement 2 of this plan.

Five percent (5%) of Program Year 2008 grant will be used to fund State Discretionary Programs in accordance with Section 675(C)(b)(1).

The State will not expend more than five percent (5%) of its allotment in compliance with Section 675C(b)(2) for administrative expenses at the State level.

The State will not transfer more than 5% of its allotment under Section 674 to services under the *Older Americans Act of 1965*, the Head Start program, the Energy Crisis Intervention Program, or the *Temporary Emergency Food Assistance Act of 1983*.

Two or more eligible entities may join together to be one project operator as long as they are within the geographic confines of a single Council of Government (COG) area. Appendix M defines the COG areas. If two or more eligible entities within a COG area join together to operate a project to serve the poor population of their respective service areas, the application submission shall be joint. Administration and fiscal procedures will be followed as directed by the OEO. Joint operation could enable smaller eligible entities to implement new and broader-scope activities which will impact upon the poor. It can also stimulate cooperative efforts among eligible entities.

2. RECAPTURE PROVISION - P.L. 108-447 mandates, "That to the extent Community Services Block grant funds are distributed as grant funds by a State to an eligible entity, that's provided under the (CSBG) Act, and have not been expended by such entity, they shall remain with such entity for carryover into the next fiscal year for expenditure by such entity consistent with program purposes."
3. DISTRIBUTION FORMULA - The funds available for a service area shall be allocated on a ratio determined by calculating the number of poor in the service area in relation to the total poor in the State based on current available statistical data. This distribution shall be used for all State Community Services Program components (i.e., local initiative projects and GEAP).

The 2008 State Discretionary projects will be funded from available amounts for Youth Leadership Programs only based on 5% of Program Year 2008 funds provided to the State. The expectation from the State is that these funds will be leveraged to increase availability of programs and services to eligible youth.

4. FUNDING CONSTRAINTS - State CSBG funding will not be known until Congress appropriates funds for Program Year 2008. This will likely occur late in 2007 after the State Plan has been finalized. Accordingly, the State may find that the CSBG grant is insufficient to fund all projects. The State will then develop an alternative approach in order that funded projects will provide a meaningful impact toward achievement of Outcome Statement 1.
5. FUNDING LIMITATIONS & PROHIBITIONS – The following constraints are applicable to any State or local organization receiving CSBG funds under the Community Services Block Grant. Additionally, each State grant utilized to award funds to eligible organizations shall, at a minimum, contain these limitations and prohibitions.
 - a. Construction - In accordance with *Section 678F(a)(1) of the CSBG Act*, the State or eligible entities will not use any portion of the State CSBG allocation for the purchase or improvement of land or construction, or permanent improvement (other than low-cost residential weatherization or other energy-related home repairs) of any building or other facility. Upon the submission of a waiver request from the State, the Secretary of Health and Human Services may waive the construction limitation if it is determined that extraordinary circumstances exist to justify the purchase of land or the construction of facilities (or the making of permanent improvements) and that permitting the waiver will contribute to the State's ability to carry out the purposes of the Act.
 - b. Political Activities – No portion of the State allocation shall be used in connection with political activities as set forth in *Section 678F(b)(1-3) of the CSBG Act* and *United States Code Title 5, Chapter 15, Section 1502(a)(i)(2-3)*. CSBG grant funds shall not be used for activities associated with partisan or nonpartisan political activities or any political activity associated with a candidate, or contending faction or group, in an election for public or party office; any activity to provide voters or prospective voters with transportation to the polls or similar assistance in connection with such election, or any other voter registration activity.
 - c. Nondiscrimination – In accordance with *Section 678F(c)(1) of the CSBG Act*, the State and Subgrantees will practice and enforce that "No person shall, on the basis of race, color, national origin, or sex be excluded from participation in, be denied the benefits of, or be subjected to discrimination under, any program or activity funded in whole or in part with funds made available under this subtitle."

C. CORRECTIVE ACTION AND SUSPENSION OF FUNDING (HEARINGS & APPEALS PROCEDURE)

In administering this section, the OEO has adopted most of the *Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments* referred to as the "Common Rule". When a Subgrantee defaults or fails to comply with the terms of the award, whether in the State Plan, the Statute, regulations, Grant Agreement or other official OEO Memoranda, the Subgrantee may be placed on "high risk" status.

- A. When the OEO determines that the Subgrantee:
 - (1) Has a documented history of unsatisfactory performance;
 - (2) Is not financially stable;
 - (3) Has a management system that does not meet the written management standards set forth by OEO;
 - (4) Has not conformed to terms, conditions, covenants and stipulations of previous grant awards;
 - (5) Is otherwise not responsible, and if the OEO determines that an award will be made, special conditions and/or restrictions shall correspond to the high risk condition and shall be included in the award.

- B. Special conditions and/or restrictions the OEO may impose may include:
- (1) Payment to the Subgrantee on a reimbursement basis in accordance with Section C of Appeals Procedures;
 - (2) Withholding authority to proceed to the next phase until receipt of evidence of acceptable performance within a given funding period;
 - (3) Requiring additional detailed financial reports and/or data;
 - (4) Additional project monitoring and interim audits;
 - (5) Requiring the Subgrantee to obtain technical and/or management assistance;
 - (6) Establishment of additional prior approvals;
 - (7) Establishment of additional constraints as necessary and appropriate in the circumstances; and
 - (8) Require Board acknowledgement of agency's status.
- C. If the OEO decides to impose such special grant conditions, the OEO will notify the Subgrantee as early as possible, of the following:
- (1) The nature of and reason for the special conditions and/or restrictions;
 - (2) The corrective actions which must be completed and approved by OEO prior to the removal of the special conditions and/or restrictions and the time allowed for completing the corrective actions;
 - (3) The method of appeal for reconsideration of the imposed conditions/restrictions; and
 - (4) The training and technical assistance OEO is offering to the Subgrantee, if appropriate, to help correct the deficiency. In addition, OEO will submit a report to the US DHHS Secretary as to the type of assistance offered. If training and technical assistance are not appropriate, OEO will submit a report to the Secretary detailing the reason why.

Any eligible entity which received funding in the previous fiscal year under the Act will not have its present or future funding terminated or reduced below the proportional share of funding it received in the previous year, unless after notice, and opportunity for hearing on the record, the OEO determines that cause existed for such termination or reduction subject to the procedures and review by the Secretary as provided in Section 678C of the Act.

Termination is defined as the permanent withdrawal of funding by the State administering authority of an eligible entity's authority to obligate previously awarded funds before that authority would otherwise expire, or the refusal of the State to continue funding to the eligible entity. A temporary suspension of funding for administrative enforcement purposes shall not constitute a statutory termination or reduction of funding as prescribed by Section 678C of the Act.

If the OEO believes cause for funding termination exists, the following steps shall be followed:

1. If severe management problems exist, a Subgrantee Efficiency Conference shall be held. In attendance will be the Board Chairperson, chief administrative official of the agency, OEO Director, and a Special OEO Comprehensive Assistance Team. The Director will designate a team leader. The Team will perform an on site visit to identify and assist in correcting noted deficiencies through training and technical assistance.
2. A letter from the OEO Director will be sent to the Board Chairperson and chief administrative official of the agency within ten (10) working days after the conclusion of the visit summarizing the Team's findings. The agency shall have thirty (30) days from the date of the letter to resolve the deficiencies.
3. If the problems persist and improvement is not noted within the thirty (30) day period, the OEO will conduct another on site visit. A second assessment will be made by OEO staff to include observations and recommendations for performance improvement. Taking into account the seriousness of the visit, within fifteen (15) days of the date of the second visit, the Subgrantee shall develop and implement a quality improvement plan to correct the cited deficiencies. Not later than fifteen (15) days after receiving the proposed plan, the State shall either approve the plan or specify the reason(s) it cannot be approved in writing. If the plan cannot be approved or if, within 30 days acceptance of the plan no improvement is noted, a certified letter will be sent from the OEO Director to the Board Chairperson advising him/her of OEO's recommendation to terminate the grant, along with the reasons for this recommendation. Within twenty-one (21) days of receipt of this recommendation, the affected agency may request a hearing in writing to appeal this recommendation.
4. If the agency appeals OEO's recommendation, the Governor's Chief Legal Counsel will select a Hearings Officer to conduct the hearing within thirty (30) days of receipt of the letter of appeal, utilizing the informal disposition procedures outlined in Section 1-23-320(f) of the State Administrative Procedures Act. All proceedings will be recorded.

5. Should the recommendation for defunding be upheld by the Hearings Officer, the agency may request a review by the US DHHS Secretary in writing to the OEO within fifteen (15) days of the date of the Hearing Officer's determination. The OEO will fax the request for review to the Secretary on the same day it is received.
6. The US DHHS Secretary will either accept or deny this request.
 - a. If the request for review is denied, defunding procedures will begin immediately and will be concluded not more than 3 months following the date of the hearing.
 - b. If the request for review is granted, the Secretary will review the hearing officer's determination not later than ninety (90) days after receiving from the State all necessary documentation relating to the determination.
 - (1) If the Secretary upholds the State's determination, defunding procedures will begin immediately as outlined in 6.a.
 - (2) If the determination is overturned by the Secretary, the grant relationships with the subject agency will be continued.
 - (3) If the review is not completed within ninety (90) days, the determination of the State will become final on the 91st day and defunding procedures will begin as outlined in 6.a.
7. In the event funding termination occurs, the Office of the Governor shall either extend the geographic service area of an eligible entity when a designated entity can no longer provide CSBG services or submit a Request for Proposal and bid for a new eligible entity. This will be done, as necessary, to provide services to the poor in that service area and shall be administered in accordance with existing Federal and State legislation.

D. THE STATE COMMUNITY SERVICES PROGRAM

1. PROGRAM OVERVIEW

The Community Services Program shall seek to enable and strengthen the ability of low-income individuals and their families on an equal opportunity basis through activities and helping processes to identify and bolster their capabilities and by providing the necessary supports for them to negotiate service systems and obtain needed resources. Program services shall be designed to create opportunities for low-income families to exercise decision-making power and control over their life affairs and to provide appropriate avenues for these persons to express, as well as enhance, their skills and abilities.

Linkages will be developed with local entities to fill identified gaps in services through the provision of information, referrals, case management and follow-up consultations. Funds made available to eligible entities will be coordinated with other public and private resources and may be used to support innovative community and neighborhood-based initiatives with the goal of strengthening families.

Services shall seek to promote social and economic self-sufficiency through the acquisition and development of knowledge, skills and abilities that will enable low-income individuals to effectively respond to and manage those life circumstances that negatively impact their well-being and accomplishment of life goals. Through the strengthening of individual and family competencies, services shall enable low-income persons to mobilize the resources and support necessary to deal with existing problems, needs and future aspirations.

2. COMMUNITY NEEDS ASSESSMENTS

The State will secure from each eligible entity in the State along with the Work Plan, as a condition of funding, a **current community-needs assessment** for the community served, to include each county served, which may also be coordinated with community-needs assessments conducted for other programs.

Refer to Appendix B for information describing how the State will carry out this assurance.

3. TRIPARTITE BOARDS

In order for a public organization to be considered to be an eligible entity, for the purposes of 673(1), the entity shall administer the CSBG Program through:

- (a) a tripartite board, which shall have members selected by the organization and shall be composed so as to assure that not fewer than one-third of the members are persons chosen in accordance with democratic selection procedures adequate to assure that these members
 - (i) are representative of low-income individuals and families in the neighborhood served;
 - (ii) reside in the neighborhood served; and
 - (iii) are able to participate actively in the development, planning, implementation, and evaluation of programs funded under this subtitle; or

- (iv) another mechanism specified by the State to assure decision making and participation by low-income individuals in the development, planning, and evaluation of programs funded under this subtitle.

A tripartite Board of Directors must be constituted in compliance with Section 676B of the Act so as to assure that:

1. **One-third of the members of the Board must be elected public officials, holding office on the date of selection, or their representatives, except that if the number of such elected officials reasonably available and willing to serve on this Board is less than one-third of the membership of the Board, membership on the Board of appointive public officials or their representatives may be counted in meeting such one-third requirement;**
2. **Not fewer than one-third of the members are persons chosen in accordance with democratic selection procedures adequate to assure that these members are representative of low-income individuals and families in the area served and such members reside in the neighborhood represented;**
3. **The remainder of the members are officials or members of business, industry, labor, religious, law enforcement, education or other major groups and interests in the community served, and**
4. **The Board "...fully participates in the development, planning, implementation, and evaluation of the program to serve low-income communities (Sec. 676B(b))."**

Eligible entities will establish procedures under which a low-income individual, community organization, religious organization, or representative of low-income individuals that considers its organization or low-income individuals to be inadequately represented on the Board of the eligible entity to petition for adequate representation.

The State requires that the Board Chairperson or Executive Director of each eligible entity inform the OEO, in writing, of any changes to the Board of Directors, to include new members, rotations and/or resignations, current member data (addresses, telephone numbers, etc.), within thirty (30) days of the change. Community Based Organization Board of Directors Membership Form is included as Appendix J.

Failure to adhere to Federal and State requirements on Board compliance could result in the withholding of CSBG funds.

In accordance with the CSBG Act, the State will give special consideration in the designation of local community action agencies to any community action agency which received funds under any Federal anti-poverty program on the date of enactment of the CSBG Act, except that:

1. Before giving such special consideration, the State shall determine that the agency involved meets program and fiscal requirements established by the State; and
2. If, as a result of any change in assistance furnished to programs for economically disadvantaged persons, the State shall give special consideration in the designation of community action agencies to any successor agency which is operated in substantially the same manner as the predecessor agency which did receive funds in the fiscal year preceding the fiscal year for which the determination was made, including Faith-Based Organizations (FBOs).

For the 2008 Program Year, only those community action agencies funded in PY 2007 under the CSBG Program shall be eligible to apply for the PY 2008 CSBG funds. However, the 5% discretionary funds are not subject to this limitation. Those agencies must satisfy all criteria and requirements established in the State Plan and all other existing rules and statutory guidelines or regulations issued by the OEO. The Federal legislation establishing the policy for states to follow in determination of eligible entities will prevail. The State may, based on interpretations of such legislation, alter the designated agencies or designated service areas.

E. ELIGIBILITY REQUIREMENTS

1. Income Eligibility

The Federal Poverty Guidelines **must** be used as the primary criterion in determining income eligibility. In order to receive assistance under any CSBG project involving direct services, an applicant's total household income must not exceed 125% of the poverty level. Household is defined by the Bureau of Census as consisting of all persons who occupy a housing unit (i.e., house or apartment), whether they are related to each other or not. Total household income is based on income at the time of application.

Total household monthly or annualized gross income should be used to determine eligibility. The monthly income should be calculated for the thirty (30) day period preceding and including the date of application. In an effort to assist as many households/individuals as possible, the annual income should be calculated either for the past 12 months, last 30 days, including date of application, times 12 or last 180 days times 2.

The purpose of the income determination is to establish an individual's eligibility for services in accordance with the statutory definition of poverty level. The goal is to implement program services that will enhance and promote self-sufficiency, and not to penalize low-income persons as they move from poverty to self-sufficiency. The OEO shall allow determination of eligibility to be based on total household income according to Federal Poverty Guidelines.

Size of Household	Monthly Poverty Guideline	Annual Poverty Guideline
1	\$1,064	\$12,763
2	\$1,426	\$17,113
3	\$1,789	\$21,463
4	\$2,151	\$25,813
5	\$2,514	\$30,163
6	\$2,876	\$34,513
7	\$3,239	\$38,863
8	\$3,601	\$43,213

For family units with more than 8 members, add \$363 to the monthly amount for each additional member or \$4,350 to the total annual amount. This schedule shall be adjusted based on the Federal Poverty Guidelines currently in effect. This information is based on the 2007 Federal Poverty Guidelines dated 1/24/2007. New guidelines are usually issued in February of each year.

The Subgrantee shall be responsible for determining the eligibility of each applicant. Self-certification will be permitted, provided there is complete written information in the client file about the applicant household, confirming efforts to obtain documentation from former employers, the client, and other social service agencies. The "Zero Income Certification" (OEO Intake Form) must be signed by applicants reporting zero income and/or individuals living in the household who are 18 years or older reporting zero income.

Please note, the current DSS printout may be used to verify income, including earned income.

Proof of income verification (i.e., a copy of a check or statement from the employer confirming the amount of income received for the thirty (30) days preceding and including the date of application) must be included in the client record when the income information is not recorded on the current DSS printout, along with proof of identification (driver's license, social security or pictured ID card).

2. Program Eligibility

After an applicant has been determined to be income eligible, program eligibility must be established in accordance with the State Plan, the Subgrantee's approved CSBG Work Plan, and/or Federal and State laws, policies and procedures. The "State Community Services Program" section of this plan contains the program eligibility requirements for GEAP.

F. PROGRAMMATIC ASSURANCES

➤ The OEO shall ensure that services and activities are implemented to assist low-income persons, including the poor, in the following areas as set forth in Section 676(b)(1) of the Act:

- To remove obstacles and solve problems which block the achievement of self-sufficiency;
- To secure and retain meaningful employment;
- To attain an adequate education;
- To make better use of available income;
- To obtain and maintain adequate housing and a suitable living environment;
- To obtain emergency assistance to meet immediate individual and family needs;
- To achieve greater participation in the affairs of the community;
- To address the needs of youth in low-income communities; and,
- To make more effective use of other programs related to the purposes of the CSBG Act.

Through the Community Services Program, the OEO shall further ensure that activities are implemented which shall serve to:

- improve the conditions in which low-income people live;
- allow low-income people to own a stake in their community; and
- strengthen agency capacity for planning and coordinating the use of a broad range of Federal, State, local and other assistance, to include private resources.

The State Community Services Program shall be comprised of the following four components:

1. **Local Initiative Projects**

Eligible Entities shall be required to use no less than 82.5% of their formula allocation for local initiative projects. Local initiative projects shall include those services and activities which address the anti-poverty goals as set forth in Section 672 of the CSBG Act and may include projects in the areas of employment, education, income management, housing, nutrition, or other areas in which there may be obstacles which impede the attainment of social and economic self-sufficiency by low-income persons. The specific projects for a given service area shall be determined by the local community action agency through a community needs assessment process. Therefore, anti-poverty strategies shall be based on locally defined needs and involve services which are based on a community's own analysis of the poverty related problems.

2. **General Emergency Assistance Program (GEAP)**

The General Emergency Assistance Program is intended to be used for emergency assistance, not for staffing. Therefore, the 7.5% mandatory GEAP allocation, which is calculated using the total State's allocation, must all be designated in the budget in the client assistance line item. The budget for GEAP should reflect zero for staff costs.

Each eligible entity is required to establish a General Emergency Assistance Program (GEAP). The purpose of this project is to assist low-income persons in meeting the emergency needs (**within 72 hours or sooner, whenever possible**) which are confronting them.

Assistance provided under this activity must address the emergency needs of a household to obtain or purchase food, clothing, medical services, payment of rent, mortgage payments **including taxes and insurance**, repairs to home heating or cooling devices and **the purchase of heaters, appliances and/or furniture (refer to d and e below)**.

The General Emergency Assistance Program must be operated by the Subgrantee and may not be subcontracted.

Assistance Level

The amount of GEAP assistance provided any household cannot exceed **\$1,000** per program year unless authorized by the Executive Director with proper documentation justifying the need being maintained in the client's file. While GEAP assistance can be provided to an eligible household more than once during the program year at the agency's discretion and up to the maximum assistance amount, priority should be given to those who have not been served before. The actual amount of assistance authorized for any household will be determined by the Subgrantee, on a case-by-case basis, and must not exceed the amount necessary to meet the particular emergency need presented by the applicant. Any amount authorized well below the OEO-approved maximum for eligible households must not generate additional obstacles for clients (e.g. having to locate the balance from several additional providers). The agency must be able to provide, in client files, evidence of its efforts to coordinate the additional area services to ameliorate the current emergency need of the client.

An applicant's household may be served during the period January 1, 2008 through December 31, 2008.

In the instance where a client's financial need to pay for the emergency exceeds the agency GEAP maximum or the OEO GEAP maximum of **\$1,000**, documentation must detail how the outstanding balance is going to be paid. If the client will be receiving funds from another human service provider, this must be documented in the client's file.

The OEO emphasizes that two requirements must be met for GEAP assistance to be rendered: **income and program eligibility**.

Program Eligibility Criteria for GEAP

To be eligible for this project, the total household income may not exceed 125% of the poverty level and the circumstances which created the need for emergency assistance must have occurred not more than 30 days before the date of application.

The Subgrantee is responsible for determining the eligibility of each applicant. Self-certification will be permitted, providing the Subgrantee inserts complete written information in the client file about the applicant household, confirming efforts to obtain documentation from former employers, the client, and other social service agencies.

In addition to income eligibility, the client must also be program eligible. Eligibility for assistance under this program requires that a temporary financial emergency has occurred in the client's household. **A client is program eligible if any one of the following is satisfied.**

Types of Temporary Financial Emergencies include, but are not limited to:

a. Sudden Reduction of Household Income

The primary wage earner has either been terminated or received a reduction in hours/pay from employment, died or become disabled.

b. Emergency Assistance for Shelter

The client dwelling is burned or damaged by an Act of God to the extent it is uninhabitable; or the family faces displacement by eviction notice; or eviction has actually occurred and the family requires immediate temporary shelter overnight until other appropriate housing accommodations can be obtained or arranged. Assistance with temporary shelter requires the coordination of other human service providers to comprehensively address the client's needs. This coordination is to be well documented in each client's file.

c. Emergency Medical Services

If a household meets the income test, payment for medical, hospital or physician services is allowed, excluding Medicaid eligible. A client may need medication without which they may be faced with a life-threatening situation. Medicaid recipients must document that they have exhausted their three prescriptions per month limit and do not have the financial ability to purchase needed medications. CSBG funds must supplement but not supplant existing Federal and State funds for same. If the physician states in writing that there is a medical emergency, assistance may be provided. Additionally, an official prescription to include the cost, is sufficient evidence of a medical need.

d. Emergency Assistance for Repairs to Home Heating and Cooling Devices

Clients are eligible if the condition of the household home heating or cooling device is such that immediate minor repairs are required to protect the health and well-being of the household. If a client is income eligible, and repair of the heating or cooling device is necessary to protect the health and well-being of the household, service may be provided. If repair of the household home heating or cooling device is not cost effective, a heater or air conditioner may be purchased; however, HVAC system replacement should be coordinated with LIHEAP to ensure adequate funding and must be approved in the agency Work Plan if using any CSBG funds.

e. Emergency Assistance for Purchase of Appliances and/or Furniture

If the client dwelling is burned or damaged by an Act of God to the extent it is uninhabitable or if a homeless client has secured adequate housing and needs appliances and/or furniture, appliances and/or furniture may be purchased. This assistance requires the coordination of other human service providers to comprehensively address the client's needs. This coordination is to be well documented in each client's file along with a fire report or proof of homelessness to justify the emergency prior to the provision of the assistance/service.

f. Emergency Assistance for Utility Payments

Clients must present a notice of termination from the utility provider which includes the date of termination of services. If the client is income eligible, to protect the well-being of the household, and prevent termination of services, assistance payments may be provided. The Subgrantee must coordinate service delivery with the Low-Income Home Energy Assistance Program (LIHEAP) when appropriate to fully address the client's energy needs.

g. Mortgage Payments

Mortgage assistance, including taxes and insurances, will be allowed at a maximum of \$1,000 during the program year. To receive this assistance, clients must provide clear documentation of an emergency and must prove they can sustain once the assistance is provided. Assistance with mortgage payments requires the coordination of other human service providers to comprehensively address the client's needs. This coordination is to be well documented in each client's file.

h. Other Conditions not Categorized Above

Program eligibility not specifically addressed above should also be established by the Subgrantee in the Work Plan. Other conditions not categorized above would allow a local agency to define other emergencies that would make a client program eligible. Documentation must be present regarding the rationale for considering the situation an emergency, for example, a lack of clothing in the household or a lack of food.

Program eligibility must be determined in accordance with the State Plan and any other State guidelines pertaining to criteria for eligibility.

Coordination

The General Emergency Assistance Program shall be coordinated with other human service agencies and units of local government to strengthen coordinating capabilities, facilitate the exchange of client information, and to better address the total needs of the clients.

Contact with other agencies is necessary to ensure that the client's problems are sufficiently addressed and properly resolved. These contacts must be documented to demonstrate that attempts to avoid duplication of assistance have occurred.

Coordination among agencies will establish a formal mechanism for following-up on clients, and also eliminate the possibility of a client receiving multiple services when it is not needed.

Funding

The funds to be used in the GEAP project for PY 2008 are:

- a. Seven and one-half percent (7.5%) of the total CSBG grant distributed by the OEO to eligible entities;
- b. Any funds that would normally be a part of Outcome Statement 1 funding, but due to rejection of projects submitted by eligible agencies, the OEO has directed use in GEAP for PY 2008; and
- c. Any "Outcome Statement 1" funds an eligible entity may choose to use in the project.

The OEO will reject any GEAP project which contains staff costs.

3. State Discretionary Projects: Youth Leadership Program, Technology Support and State CAP Association

In accordance with Section 675C(b), the State will use Discretionary funds to make grants to community action agencies for the purpose of supporting locally-operated youth leadership programs.

• **Youth Leadership Program (YLP)**

In PY 2008, in compliance with section 676(b)(1)(B), the State's Youth Leadership Program (YLP) will provide income-eligible elementary, middle and high school students educational opportunities targeting individual improvements in academic, behavioral and social achievement, resulting in increased self-sufficiency. Students who complete the program will be able to describe how good character aids in the attainment of their goals, emotional health and healthy relationships. Students will be able to demonstrate critical thinking skills, decision making and problem solving skills.

Youth in low-income families can achieve success; statistically they are at an unquestionable disadvantage. They are most often likely to remain poor, never finish school, and experience negative outcomes. In PY 2008, YLP will provide innovative activities in the areas of personal development and character building, leadership skills, educational achievement, career exploration, and civic responsibility.

YLP best practices include family participation and broad-based community coordination, coordination that includes community action agencies, public schools, representatives of the public and private sector, the faith community, key area leaders and elected officials. Among the best practices identified in the program component are those that include reading enhancement, community volunteer services, financial planning, life skills, parliamentary procedures, employment skills training, and exposure to viable post secondary educational opportunities.

Public school (Local Education Agency or LEA) involvement is a recommended component of the Youth Leadership Program. Files are to contain evidence of this commitment in goods, services, cash or facilities, if applicable.

Project Start-Up and Compliance

Year long projects should commence no later than February 1, 2008 (30 days after grant period begins). Subgrantees should notify OEO in writing prior to this date if there is a problem with project start-up. If there are extenuating circumstances prohibiting project start-up, agencies should notify the OEO of these circumstances. Failure to make a reasonable attempt to meet this requirement may result in YLP funds being returned to OEO no later than March 1, 2008 for redistribution to other eligible entities or other YLP expenditures. This requirement does not apply to agencies that have approved work plans containing specific time frames for Youth Leadership projects (i.e. summer projects, etc.).

Subgrantees must implement viable activities within thirty (30) days of the executed grant agreement. Those activities should be designed to expand existing resources and address needs currently not being met and yield the greatest service benefits relative to the resources invested. Objectives, program evaluation and student assessments are required and must provide for clear documentation of the benefit derived by income-eligible students.

In an effort to reduce staffing costs, YLP staff, excluding full-time agency staff, may be obtained on a contractual basis.

At least 40% of the YLP allocation should be expended by June 30, 2008, unless the agency approved work plan delineates a different expenditure schedule. Otherwise, the OEO may require that the unexpended balance of the 40% be returned to OEO along with the July 15, 2008 FSR. Subgrantees that fail to create a viable YLP in the 2008 program year will not be eligible for YLP funds in PY 2008.

Equipment

All equipment to be purchased with YLP funds must be required to conduct the project. A written justification must be included for each item (for equipment instructions, refer to OEO Fiscal/Technical Assistance Memorandum F02-01). The applicant organization must not already have the same equipment or a reasonable facsimile available to the project. Justification, along with an explanation for the future use, is required in the grant application if an agency plans to retain the equipment, and OEO approval is mandatory. Vehicle purchases are unallowable.

Requirements - Documentation for Program Activities, Student's File, and Audits

A portion of the Youth Leadership curriculum, Lessons in Character, must be incorporated into the agency's discretionary youth project. In addition, the following is a list for the YLP program that each agency should consult as applicable for their specific program to ensure compliance with State and Federal program guidelines:

- Provide a master list of eligible recipients entering the YLP program, include date enrolled, date completed or date and reason the student discontinued the program. All youth leadership programs are required to enroll at least 15 participants representing ethnic/racial composition of the low-income communities served.
- Document that each eligible student qualifies as an economically disadvantaged recipient by verifying student's household is within the CSBG income guidelines. Document each student's post-assessment with actual outcomes (i.e. personal and academic achievements, improvements in life skills).
- A Pre and Post Assessment must be documented in each student's file. The Pre Assessment is to be completed upon a student's acceptance/enrollment to YLP.
- Document each student's attendance with attendance logs, including the student's signature, date and time in attendance, with the coordinator's signatures and date.
- Document each scheduled workshop with coordinator's activity report, include in the report, the date, time and place of each workshop, activities performed, and coordinator's signature and date.
- Reconcile the attendance log for snacks or meals provided to students (excess billing of snacks or meals should be reimbursed from agency funds).
- Document field trips with attendance logs, costs, and activity report signed and dated by the coordinator.
- Document luncheon activity and persons in attendance with payment responsibility and funding for all costs associated with the luncheon activities designated to one agency.
- Document supplies or other materials distributed with student's signature, date and purpose of activity.
- Stipends and staff training: OMB Circular A-122, item 34 states, "Participant support costs are direct costs for items such as stipends or subsistence allowances, travel allowances, and registration fees paid to or on behalf of participants or trainees (but not employees) in connection with meetings, conferences, symposia, or training projects. These costs are allowable with the prior approval of the awarding agency."

The OEO agrees to allow stipends that are directly related to the purpose and strategies of the CSBG grant program. All proposed stipends for CSBG programs must be sent to OEO in writing, clearly justifying the stipends relative to the programs' success (e.g. Employment Skills Training/Internships). OEO will send a written notification of approval for the stipend. Each participant's file must provide adequate documentation to

support these expenditures. **Participants must not be paid simply for participating in the program or attending classes.**

OMB Circular A-122 section 53 emphasizes that staff training and education costs are allowable expenditures. To be approved, OEO requires the agency must demonstrate that all staff training and education costs are directly related to the program requirements and are designed to increase the employee's effectiveness within the program.

If these processes are not followed, the expenditures will be unallowable and will be an audit finding.

- Ensure that each household provides a signed disclosure authorization form for all income sources (see Appendix Q).

Subgrantees must expend all YLP grant funds during the period January 1, 2008 – December 31, 2008. All unexpended Youth Leadership Program funds and State CAP Association funds must be remitted to the OEO at the closeout of the grant period (by March 15, 2008 along with the final FSR).

Youth Leadership Programs should include coordination and collaboration with organizations in the private and public sectors to achieve the statute's goal of increased community involvement to eliminate the causes/impact of poverty.

The expectation is that these funds will be increased by private sector contributions through Subgrantee program designs. Projects will be funded only for the 2008 program year and shall conclude at the appropriate time based upon the operational timetable established and approved in the Work Plan. An audit will be conducted in accordance with OEO audit policies.

The Youth Leadership Program, must comply with the quarterly and annual reporting requirements of ROMA (Results-Oriented Management and Accountability System) pursuant to Section 678E, using the ROMA Report Form (Appendix P). A description must be provided of specific measures to be used to substantiate the outcomes of each funded program and eligible entity's performance in promoting self-sufficiency, family stability, and community revitalization.

- **Technology Support**

A portion of CSBG funding will be utilized in PY 2008 to facilitate ongoing training, maintenance and language development of the SCROMA (South Carolina Results-Oriented Management and Accountability) client management system. The system utilizes the power of the Internet to facilitate the collection, sharing, analyzing and reporting of client information across multiple users, programs, agencies, and their funding sources – efficiently, securely and in real time.

Funding will also be utilized to explore options to improve efficiency, output, and system expansion to include linkages with other human service agencies in order to maximize the effectiveness of projects in the local service area.

- **SC Association of Community Action Partnerships (SCACAP)**

A portion of CSBG discretionary funding will be awarded to the SCACAP in PY 2008 for the purpose of building the capacity of the state association to assist in addressing the concerns and impact of poverty in South Carolina. The allocation shall be used to offer collaborative trainings, develop a communication plan, enhance public awareness and increase visibility to bring the issues of poverty to the forefront to affect change and develop workable collaborative solutions on the state and community levels. Funds will also be utilized for statewide youth leadership initiatives.

4. Community Food and Nutrition

The State of South Carolina hereby submits its application for the PY 2008 Community Food and Nutrition (CF&N) Program.

The State will undertake statewide activities, either at the State level or through subgrantees, to include existing CSBG eligible entities, food banks, and/or meals on wheels in concert with councils on aging.

Services will be provided to low income persons in each of the state's forty-six counties, employing at least one of the following legislatively mandated program purposes:

- (a) to coordinate private and public food assistance resources, to better serve low-income populations;
- (b) to assist low-income communities to identify potential sponsors of child nutrition programs and to initiate such programs in under-served or un-served areas; and
- (c) to develop innovative approaches at the State and local levels to meet the nutrition needs of low-income individuals.

The following assurances will be adhered to:

- (a) that Community Food and Nutrition funds awarded by the State to any public or private agency will be used to support the legislatively designated purposes;
- (b) that funds will be used for sub-grants to eligible agencies to support programs that are statewide in scope and represent a comprehensive and coordinated effort to alleviate hunger within the State;
- (c) that funds will be subject to the annual audit requirements under the Single Audit Act of 1984, Public Law 98-502 and the Office of Management and Budget Circular A-133; and
- (d) that the State will comply with Departmental reporting requirements and general requirements for the administration of grants under 45 CFR Part 92.

A final annual financial status report will be submitted and shall constitute the final report, unless other information is requested. A final report of the State's programs, describing the subgrantee recipients, the goals of the state's projects, the purposes for which the funds were expended, and the extent to which the project goals were met, will be submitted.

G. CSBG CLIENT ASSISTANCE PAYMENTS

Each check and/or voucher must be made payable only to the vendor from whom the applicant proposes to obtain services. Priority for service will be determined by need, based upon the agency's approved Work Plan, and will be provided only so long as funds exist in an agency's budget for client assistance. Payments made to vendors on behalf of clients using CSBG funds must be made by either a two-party check or OEO-approved two-party voucher system. The two-party voucher system must meet OEO guidelines and be approved by the OEO prior to implementation.

The voucher/check used for the purpose of direct client (monetary) assistance shall be documented as follows:

- CAA's (Subgrantee) name as payer
- Vendor's name as payee
- Eligible applicant's name as recipient

H. COORDINATION

In PY 2008, the State will require the coordination between programs in each community, where appropriate, with emergency energy crisis intervention programs under Title XXVI of this Act (relating to Low-Income Home Energy Assistance conducted in such community), and Title VI of the Human Services Reauthorization Act of 1984 (PL 98-558).

The coordination of these programs will be carried out at the local level and approved by the OEO. As the State administering agency for the Low-Income Home Energy Assistance and Community Services Block Grant Programs, the OEO shall, through grants with Subgrantees, require a cross-referral of participants in both of the above-mentioned programs to further provide the opportunity for eligible households to participate in these and other agency services for comprehensive case management to enhance client outcomes.

Subgrantees shall also be required to provide documentation, to include details of what the collaboration will provide, of their coordination with other human service organizations and units of local government in each county of its service area in implementing anti-poverty strategies and preventing the duplication of services. The OEO shall evaluate and ensure coordination with these entities through the project approval process, as well as through on-site monitoring activities, client interviews and file documentation.

III. OEO GRANT MANAGEMENT SYSTEM

A. FISCAL ACCOUNTABILITY

In accordance with Section 678D, the State of South Carolina has established fiscal controls and fund accounting procedures to assure the proper disbursement of all federal funds received by the state. Additionally, the state has established procedures for monitoring the utilization of such funds by Subgrantees. The payment schedule for disbursements is outlined in Appendix K.

A description of the controls and procedures to be implemented is as follows:

1. The OEO will follow the State's established fiscal policies and procedures. To accomplish this, the OEO will coordinate these policies with various other branches of state government, including but not limited to: the Budget and Control Board, the Office of the Comptroller General, the General Services Division, the State Treasurer's Office, the State Auditor and other units of the Governor's Office. Financial areas addressed in these procedures consist of fiscal management controls, the accounting system, fund controls, personnel and payroll management, property management, procurement, and the disbursement of funds.
2. The financial standards set forth by the state establish an adequate accounting system with appropriate internal controls which will safeguard assets, check the accuracy and reliability of accounting data, promote operating efficiency and encourage compliance with prescribed management policies.

B. AUDIT REQUIREMENTS

The OEO will ensure that audits of Subgrantees expending \$500,000 for federally funded programs, activities and services associated with CSBG will be performed in accordance with Section 678D of the Act and the standards of the U.S. Comptroller General as specified in *Standards for Audit of Governmental Organizations, Programs, Activities and Functions*. The audit requirement is met through A-133. OEO will ensure that field audits and the desk audits of independent single audits are conducted in compliance with the above regulations.

Refer to revised Fiscal Memo 08-01, Independent, Single Audit Review and Appeal Procedures for Nonprofit Organizations, contained in Appendix I.

C. MONITORING PROCESS

To assure the accomplishment of program outcomes and grant compliance, the OEO will monitor each Subgrantee a minimum of one time per program year. Monitoring visits will be scheduled and confirmation letters will be forwarded within two weeks of the scheduled visit with the Subgrantee and conducted by OEO program staff (the CSBG Monitoring Instrument will be forwarded to each agency prior the visit). Monitoring will include a review of client files, year-to-date reporting, year-to-date achievement of outcomes and milestones, collaboration, Board minutes and Board membership rosters. Site visits may also be conducted. If requested materials are not made available to the reviewer(s) upon arrival, the Subgrantee may be responsible for bringing those materials to OEO for a repeat visit (refer to CSBG Program Memorandum C 03-05). The Subgrantee will be briefed on the observations and/or findings generated by the monitoring during the exit interview. Additionally, training and technical assistance may be provided during the monitoring visit or upon request. The OEO may also conduct monitoring through a team visit.

The teams or individuals visiting Subgrantees will prepare a summary of the field visit and Monitoring Report (MR) upon return to the OEO. Subsequently, a letter and a copy of the MR will be forwarded to the Subgrantee within thirty (30) business days, with a copy to the Chairman of the Board of Directors, and will address any deficiencies identified during the field visit. (Copies of the MR will be forwarded to the entire Board of Directors when there are major issues to be addressed.) Each Subgrantee will have a specific period of time to correct the deficiencies identified, if applicable. Major findings will be tracked by OEO to final resolution. Uncorrected deficiencies may result in contract suspension or possible termination in accordance with established policies, as outlined in Section II. C. of this State Plan.

The OEO shall also conduct follow-up on concerns regarding CSBG funded activities that are received from CSBG service recipients and/or other concerned community members.

D. INVESTIGATIONS

The State, OEO and Subgrantees will permit and shall cooperate with federal authorities and investigations undertaken in accordance with Section 678D(b)(3) of the CSBG Act.

E. SEMI-ANNUAL AND INFORMATION SYSTEMS (IS) REPORTING

A Semi-Annual Narrative Report must be provided to OEO no later than July 15, 2008, along with the 2nd quarter ROMA Report, and focus primarily on the agency outcome statements and performance targets of the current CSBG Work Plan. Evaluation is a required component of overall CSBG project management:

Semi-Annual: This narrative is to assess and capture the progress of the first six months (year-to-date) of the current year. This report will only require the use of the OEO Milestone Narrative Report for each performance target and activity/milestone – when “actual” compared to “projected” vary by more than 20% (+/-). Once identified, each objective and milestone is to be modified to improve effectiveness and benefits to low-income customers. Current

course corrections and/or strategies are to be revised and recorded on the Milestone Narrative Report (Appendix O). Each evaluation should involve all applicable agency management, program and fiscal areas.

Information Systems (IS): Eligible entities will comply with accurate completion and timely submission of the CSBG IS Annual Report. The CSBG IS Annual Report is administered by the National Association for State Community Services Programs (NASCSPP) and supported by the U. S. Department of Health & Human Services (DHHS), Office of Community Services (OCS), and is a requirement for all eligible entities in receiving CSBG funding.

CSBG funding allows eligible entities to more fully support their institutional operations for the purpose of enacting initiatives to change conditions that perpetuate poverty, especially unemployment, inadequate housing, poor nutrition, and lack of educational opportunity. In this regard, the annual CSBG IS Report is designed to capture significant data concerning agency coordination and annual achievement, customers, resources, and services. The report encapsulates all community action efforts made possible and broadened as a direct result of CSBG funding and is to be inclusive to all of the agency's initiatives and programs during the yearlong reporting period.

F. POLICY GUIDANCES

The OEO shall periodically issue instructional memorandums to Subgrantees detailing and/or clarifying policies, procedures and other requirements associated with the operation of the State Community Services Program.

G. TRAINING AND TECHNICAL ASSISTANCE

The OEO shall provide training and technical assistance as needed to Subgrantees on CSBG-related issues.

January-December 2008	<i>The OEO monitors Subgrantee compliance with grant agreements and project outcomes; instructions; policies and federal and state legislation. Funds will be released periodically to Subgrantees providing all reporting and grant obligations are current.</i>
February 15, 2008	<i>PY 2007 IS Annual Report and Final ROMA Report (using Appendix P) due to OEO</i>
July 16, 2008	<i>PY 2008 Semi-Annual Narratives due to OEO using Appendix O (refer to Section III, D for instructions)</i>

This timetable is subject to revision depending on the availability of Federal funds that could alter release of funds. Actions on Work Plan approval by the State or Federal government could affect implementation.

IV. PY 2008 APPLICATION PROCESS

A. WORK PLAN/APPLICATION DOCUMENTS AND PROCEDURES

Subgrantees shall prepare the annual 2008 CSBG Work Plan/Application in the format described using the various OEO application forms. Copies of Letters of Endorsement and Support relative to Subgrantee's proposed activities are to be included.

0

Standard Detailed Format:

Applicants must submit one (1) unbound complete original and three (3) complete copies of the following information in subsequent order and placed in 3-ringed tabbed notebooks/binders:

1. OEO Checklist
2. A Cover Sheet and Executive Director's Introductory Letter
3. OEO Form 507 - Entity Identification indicating all current year funding sources (use only OEO Form 507 last revised 06/04)
4. OEO 509 Narrative – Subgrantee Financial Capability Survey
5. Current Needs Assessment for PY 2007 and copy of assessment instrument
6. OEO 511 Outreach Narrative
7. OEO 512 Narrative – Subgrantee Project Description
8. Budget Forms
9. Budget Narratives
10. Annual Equipment Budget
11. Current IDC Rate
12. Agency Organizational Chart
13. Current Agency Mission Statement - required if revised within the last year
14. Board Minutes or OEO Board Approval Form **approving** agency's CSBG **Work Plans and Budgets** (Must be signed by the Board Chairman or Board Secretary)
15. Copies of current Letters of Endorsement and Support (OEO Form 594 is strongly recommended) from private and public resources, including units of local government (must be relative/applicable to project type and must clearly indicate specific roles(s) of collaborating agencies to ensure prevention of the duplication of services)
16. Copy of current Fidelity Bond and copy of the cancelled check
17. Current Board Roster (including updated Community Based Organization Board of Directors Membership Forms – OEO Form 500 dated 6/05)
18. Current Board By-Laws - required if revised within the last year
19. PY 2006 Independent Auditor's Report or letter from auditor stating projected completion date
20. Current Policies and Procedures (notation if on file with OEO indicating date last revised)
21. Current copy of the charter from the Secretary of State if a private non-profit organization or a copy of the legislative act if public (notation if on file with OEO indicating date last revised)
22. Other Required Documents

Detailed application procedures and copies of application forms are contained in Appendix B.

B. PROJECT REVIEW AND APPROVAL PROCEDURE

All proposed projects will be reviewed to determine acceptability for funding and feasibility for outcomes and proven history of success in achieving outcomes. Preciseness and clarity of information in the application is essential. Clear measurable results that are identifiable and proven are important to determine project impact. Projects will be reviewed using the following factors: (See Outcome Statement 1)

1. A PY 2007 Needs Assessment summary is present and well documented; evidence of community involvement per ratio of eligible populations.
2. Priority problem areas are clearly identified within the Needs Assessment and are supported by current statistical data (Please be reminded that the Needs Assessment is to be the foundation for the formation of the agency's CSBG program).
3. Problem areas clearly identified and stated, to include:
 - a. Causal nature;
 - b. Targeted population and characteristics of affected persons.
4. Each outcome statement reflects a broad result in the problem that is to be achieved (must be tied to Needs Assessment) and,
 - a. Each outcome statement relates directly to the problem;

- b. Each outcome statement is realistic and specific enough to be achieved and measured.
5. Performance targets and activities/milestones – 512 Narrative
 - a. Are the project performance targets consistent with the outcome statement?
 - b. Are the project performance targets quantifiable and measurable?
 - c. Are the major activities/milestones clearly stated and do they logically lead to the outcomes?
 - d. Are objectives for major activities identified with completion dates?
 - e. Are the objectives consistent with:
 - (1) Performance necessary to achieve the outcomes?
 - (2) Level of funding requested? (e.g., cost per unit result, per \$1 expended)
 - f. Does each objective take into account start-up time for new projects?
 - g. Has this type of project and/or this applicant agency had a history or pattern of performance problems?
 - h. Are the measures of the objective(s) and outcomes such that data can be readily gathered?
 - i. Are all the projects proposed eligible for CSBG funding?
6. The project clearly indicates the role of the private and public sector entities that are to participate in project operations.
7. The project clearly indicates the role of state and local governmental agencies in the service area that will participate in project operations.
8. Other services, similar to the project design, are identified within the service area so it can be determined if the project is necessary, that is, the only service; or if it is supplemental or unnecessary and duplicative.
9. The expected duration of the benefits or services the project can provide is identified.
10. The ratio of funds to persons assisted can be determined from project materials.

Failure to meet any one of the 10 above-identified rating factors may be cause for project rejection.

PY 2008 Work Plans must be submitted to arrive at the OEO no later than Friday, August 31, 2007.

The OEO will complete review of all projects by November 17, 2007. Each agency will be advised in writing of project approval or rejection. The OEO may issue conditional approval status to projects pending resolution of outstanding issues. Applicants will have a complete explanation of deficiencies provided for each rejected project.

Providing funding is available, approved budgets and projects will be authorized to commence January 1, 2008. Such projects will be identified in the grant agreement when it is issued. Projects submitted for first time funding in PY 2008 may be planned for two years of operation. However, since the OEO will provide approval and one year funding for one planning period at a time, objectives and activities in the application documents should be specified for one planning period at a time. If the project submitted for PY 2007 covered a two-year planning period, the OEO will fund a second year of project activity provided all criteria for continuation are met, and that each year shall operate independent of the other and the board minutes are forwarded to OEO in the manner of 2007 year approval.

In the event a project is rejected, the submitting organization shall have thirty (30) days to revise and resubmit. A new project design may be used as a replacement for the rejected projects. The amount of funds contained in resubmitted projects shall not exceed the sum of the rejected amounts. The resubmission must be sent to and be received by the OEO within thirty (30) days of the OEO's rejection notification to the submitting organization unless otherwise authorized by the OEO. Any resubmissions received after this thirty (30) day time period will be rejected and all unobligated service area CSBG funds will be converted to the General Emergency Assistance Program.

The OEO will complete review of resubmitted or redesigned projects not later than thirty (30) days from the date of resubmission. The OEO will act on each project separately. Each agency will be advised in writing of approval or rejection. Agencies will be provided a complete explanation of deficiencies for each rejected project.

Prior to release of CSBG funds, the OEO will prepare a written grant agreement, which will set forth the terms and conditions under which the Subgrantee agrees to operate and expend CSBG funds. **Each Subgrantee approved to receive PY 2008 CSBG funds must have an approved Work Plan and Budget and have an executed Grant Agreement before funds will be released.**

In addition, at all times during and prior to each new funding period, the Subgrantee must be in full compliance with the terms and conditions of the CSBG grant, including all reporting requirements, have approved budgets, and satisfy all policies. If not, funding may be suspended which could lead to termination of the grant.

C. POLICY ON REJECTED PROJECTS

The OEO will act on projects separately. If approved, implementation will commence in accordance with project schedules, but not before January 1, 2008 nor extend beyond December 31, 2008. Implementation may commence on a conditionally approved project while deficiencies are being resolved upon authorization from the OEO. Rejected projects shall have all sums associated with them converted to the General Emergency Assistance Program (GEAP). Agencies shall be instructed in writing to expand the GEAP (Outcome Statement 2) so that it includes the original 7.5% share of the State allocation for the service area plus the sums associated with rejected projects. Expanded GEAP projects incorporating funds associated with rejected general local projects designs (Outcome Statement 1) plus the 7.5% funds allocated for Outcome Statement 2 must be submitted to the OEO not later than November 17, 2007. If not accomplished, the OEO may redistribute the funds for rejected projects to other service areas of the State.

D. POLICY ON LATE SUBMISSIONS

Specific time frames are established to permit appropriate review and action on projects and budgets prior to January 1, 2008. For purposes of validation of submissions, the only acceptable evidence to establish receipt by the due date shall be the date of receipt at the OEO as shown on the time date stamp on the project package. This date must be on or before those dates identified in this Plan. The OEO will respond appropriately to each submission. Rejected projects or those submitted after the deadlines shall have CSBG funds associated therewith allocated to the GEAP (Outcome Statement 2). Only applications containing all required documents at the time received by the OEO will be accepted for review. Therefore, the policy of the OEO shall be that local initiative projects submitted after a specified due date will not be reviewed. Instead, these projects shall be considered as rejected for CSBG funds and the entity's allocation will be used for GEAP in the area of service of the eligible entity.

GLOSSARY OF KEY TERMS

Act: Public Law 97-35, Subtitle B, Title VI of the Omnibus Budget Reconciliation Act of 1981. Related reference: Human Services Reauthorization Act of 1984, Public Law 98-558, Title II. Titles from both Acts are entitled Community Services Block Grant.

Activities/Milestones: Interim behaviors that describe customer processes and progress; indicator(s) that will be used to establish or confirm and document achievement of activity/milestone.

Causes: The reason(s) or circumstance(s) for a poverty problem.

Chief Executive Officer of the State: The Governor of South Carolina.

COG: Council of Governments in South Carolina as shown on Appendix M.

Community Action Agency: Any organization which was officially designated as a Community Action Agency under the provisions of Section 210 of the Federal ECONOMIC OPPORTUNITY ACT of 1964 for federal fiscal year 1981. Hereinafter referred to as a CAA.

Community Economic Opportunity Act of 1983: Act 143 of 1983, South Carolina Code of Laws, which provides for: Implementation of U.S. Public Law 97-35, cited above as the “Act;” designation of an administrative agency; local administrative organizations; eligibility requirements and other matters concerning community action agencies.

Community Services Program: All activities funded in South Carolina under the Community Services Block Grant Act.

Direct Services: CSBG Direct Services consist of those units of service which can be directly tracked or linked to a specific individual--e.g.: employment counseling.

Eligible Entities: Entities eligible to apply for CSBG funds are a CAA or limited purpose agencies designated under the Title II of the Economic Opportunity Act of 1964 for fiscal year 1981 which served the general purposes of a community action agency under Title II of such Act; or, any subgrantee which received assistance under Section 222(a)(4) of the Economic Opportunity Act of 1964 in fiscal year 1981.

Also, in any geographic area of the state not presently served by an existing eligible entity, the Governor may have services provided to such a new area by:

- (A) Requesting an existing eligible entity which is located and provides services in an area contiguous to the new area to serve the new area; or,
- (B) If no existing eligible entity is located and provides services in an area contiguous to the new area, requesting the eligible entity located closest to the area to be served or an existing eligible entity serving an area within reasonable proximity of the new area to provide services in the new area; or,
- (C) Where no existing eligible entity requested to serve the new area decides to do so, designating as an existing eligible entity, any organization which has a Board meeting the requirements of Section 676 or any political subdivision of the state to serve the new area. The designation by the Governor of an organization which has a Board meeting the requirements of Section 676 or a political subdivision of the state to serve the new area shall qualify such organization as an eligible entity.

The State serves all counties of South Carolina with Community Services Block Grant funds. Organizations officially designated as a community action agency under the provisions of the Economic Opportunity Act of 1964 for fiscal year 1981 have been eligible entities. This policy has been in effect since 1982 and may remain in effect for PY 2008.

Federal Fiscal Year: October 1 to September 30.

Indirect Services: Indirect Services consist of those units of service, which are provided to the community at-large for the purposes of promoting the social and economic self-sufficiency of low-income persons. These types of service units are usually difficult to link to a specific individual--e.g. community meetings or public education efforts.

Low-Income Population: Persons or families whose total income is at or below the poverty line established by the Director of the Office of Management and Budget.

Needs Assessment: The act of conducting a community survey to gather accurate information about the needs of the poor people living in the community.

OEO: South Carolina Governor's Office of Economic Opportunity.

Outcome Statement: An inspiring statement that defines the end-state sought, stated in customer terms.

Performance Target Outcome: A ROMA direct measure that defines success for your program in terms of what clients will actually achieve. These are measurable based on outcome statements that allow demonstration of program success.

Priority: Action taken by the Board of Directors of a CAA to identify and rate community problems by need and importance. Problems will be identified during the needs assessment conducted by eligible entities.

Problem: An obstacle created by a cause(s) or reflecting a condition that prevents individuals or families who are poor from becoming self-sufficient.

Project: The program to be funded with CSBG funds during the project period.

Project Operator: An eligible entity that will provide local community CSBG programs during PY 2008.

Project Work Plan: The sum of the application documents for a CSBG project.

Program Year (PY): January 1, 2008 - December 31, 2008.

ROMA: Results-Oriented Management and Accountability system for measuring performance and results.

Secretary: The Secretary of the U.S. Department of Health and Human Services.

Service Area: The area of the state in which a project operator will implement Community Services Block Grant activities. The minimum service area shall be a county.

Social and Economic Self-Sufficiency: The ability of an individual to meet his or her social and economic needs without assistance from other persons or organizations.

State: South Carolina.

Strategy: A specific approach to be used to achieve a stated goal and outcome.

Total Community: All elements of the community, including private and public organizations, units of local government, and the total general population.

Unit of Service: Any specific activity or action engaged in with a low-income person and/or on behalf of such person for the purpose of accomplishing social and economic self-sufficiency goals.

DETAILED APPLICATION PROCEDURES

I. PLANNING

A. Annual Needs Assessment

Prior to applying for CSBG funds, each eligible entity will be required to comply with the assurance outlined in 676(b)(11) to conduct a needs assessment within the service area to identify needs and/or problems. The needs assessment is to consist of three phases: Problem Identification and Statement; Resource Analysis; and Prioritization according to the following.

Each Eligible Entity's Community Needs Assessment should address the following issues and questions:

1. Describe the method(s) used to gather information on critical community needs.
2. This section should detail the methodology utilized in collecting data for the community needs assessment to include data collection methods and data utilized such as:
 - a. Service history information evidencing and analyzing the demand for services considering not only a comparison of planned versus actual services, but also including an analysis of how funds allotted for the particular service have historically been expended.
 - b. Customer surveys and how completed surveys were obtained (i.e. through mail, door-to-door, gathered at the time agency provided direct service to customer, etc.), as well as the actual tool utilized.
 - c. Participation in focus groups or community forums—Please note that objectivity is key in gaining an accurate view of the true needs within any service areas and these two methods of data collection are less objective than others.
 - d. Participation of agency staff, board members, and executive director.
 - e. Participation and survey of other community groups and organization that serve the same target population.
3. Describe the economic conditions of each county within its service delivery area.
4. This section shall involve research utilizing statistical reports such as the most recent Census data and/or the Census Bureaus more frequent Community Surveys, appropriately documented and identified as sources. The section can also present data available from other sources such as Kids Count and the community needs studies conducted by locally operated organizations such as United Ways, or newspaper, magazine articles, and publicized information relating to employment, education, health and nutrition, transportation or any of the other defined service categories, that evidence needs within a particular geographic area served by an eligible entity.
5. List the critical community needs identified for its service delivery area.
6. In this section, eligible entities should discuss the results of the community needs assessment process being as specific as possible (i.e. a tally for each question of the responses given).

1. Problem Identification and Problem Statement:

The applicant describes existing adverse conditions affecting the low-income population and delineates the differences between what exists (the problem) and what should exist (the goal). There must be a direct relationship between the needs of the poor in the local communities and the goals of the applicant agency in the CSBG Work Plan.

The problem statement must be clear and concise, identifying the problem, the cause(s), the number, characteristics, and the geographic area affected. The problem statement must be clearly drawn from the results documented in the needs assessment data.

Relevant, current data must be obtained from a variety of sources for a needs assessment including:

- surveys
- community meetings
- units of local government
- census information
- agency data
- board and staff perceptions
- reports and studies of other agencies
- other pertinent sources as available

When reviewing data, some of the questions that might be asked include:

- a. What is the quality of the data used in the needs assessment?
 - b. Is it current, objective and comprehensive?
 - c. Are sources documented so that they could be obtained by other researchers and planners?
 - d. Were a number of types of sources used for each problem such as:
 - special statistics
 - other service agency providers
 - low-income groups
 - community studies
 - e. Are the results of prior year evaluations and performance assessments being considered?
2. **Resource Analysis:** An agency cannot effectively address problems identified unless there has been a thorough analysis of resources that are available. For each problem identified, the agency must identify the public and private resources available to address each problem in the service area. In partnerships, specific roles and responsibilities must be identified. Many anti-poverty resources are administered by other agencies. CSBG and ROMA require that these resources be mobilized in combating poverty problems.

A six-step procedure for analyzing resources is:

1. List problem areas
2. Identify existing state and community agency resources
3. Obtain performance information
4. Review agency referral records
5. Analyze the information
6. Develop agency contacts to establish linkages

Once a potential resource is identified, evaluate its present and potential impact on the problems already identified. Often the resources under consideration include agencies that are service providers to the poor. The following questions may be helpful in reviewing the capability of other service providers:

- | | |
|--------------------------------|---|
| <u>Criterion One:</u> | Is service to the poor a major function of the agency under review? |
| <u>Criterion Two:</u> | Is the service oriented to the characteristics, requirements and needs of the poor? |
| <u>Criterion Three:</u> | Is the service accessible to the poor? |
| <u>Criterion Four:</u> | Do specific application eligibility or case management procedures create participation barriers for the poor? |

After a careful analysis of all resources is done, the agency should review the following:

- a. Were private and public resources researched and analyzed for the problem area?
 - b. What agencies and institutions are conspicuously absent from consideration?
 - c. What agencies should be addressing specific need areas or target groups, but are not?
 - d. Is performance information about other resource agencies and institutions included?
 - e. Are referral records being used to determine gaps in service within particular need areas?
 - f. Are the most severe poverty problems receiving the largest share of community resources?
 - g. Are resources being allocated reasonably among problem causes?
3. **Prioritization:**
- Once major problems existing in the service area are identified, the applicant's Board of Directors has to make a decision on which major problems it will address.

Problems are to be grouped according to approved CSBG program areas such as education, employment, health, nutrition, emergency assistance and housing. The Board must then set funding priorities based on established criteria such as: magnitude of the problem (intensity and severity), capability of the agency to eliminate the negative consequences of the problem, available resources and probable impact.

Some pertinent questions for the Board to examine are as follows:

- Are the problem priorities based on recent data or do they tend to support the agency's current programs?
- Have priorities been assigned to causes within a problem area?
- Do the priorities include needs of the target populations?

B. Needs Assessment Summary and Priorities

At the time of application, each agency will submit a copy of the needs assessment instrument, an Annual Needs Assessment Summary and Problem Priorities. A copy of the minutes of the Board meeting at which the Board set the priorities must be attached to the Needs Assessment Summary. The Summary is to identify the sampling size and demographic base to include approximate age groups.

II. APPLICATION PREPARATION

A. Forms

In addition to the Needs Assessment information, the application forms listed in Section IV (A) must be completed and submitted (one original in a 3-ringed binder and three copies) to the OEO.

B. Preparation

Instructions for completing each form and narrative and copies of the forms follow.

The narrative is the basic description of the work to be performed by an applicant with CSBG funds.

A separate OEO 512 Narrative is required for each project an applicant proposes to operate with CSBG funds.

OEO 512 serves as:

- The description of the ROMA Goals, Direct Measures, and Indicators to be achieved for each project to be undertaken with CSBG funds, including project outcome statement, measures (performance targets), approach/methodology, selection rationale, client activity/milestones, target numbers and verification.
- The description of how linkages will be developed to fill identified gaps in services, through the provision of information, referrals, case management and follow-up consultations;
- The description of how CSBG funds will be coordinated with other public and private resources;
- The description of how CSBG funds will be used to support innovative community, agency and family-based initiatives related to the purposes of CSBG and ROMA;
- A program monitoring tool for tracking and assessing project performance outcomes.
- A Grant Amendment when new projects are added or significant changes are made in approved projects.

Section I – Identification

1. **Project Name:** Enter the title of the project the applicant plans to implement to address the problem/need and the project's associated CSBG approved **Service Category(-ies)**.
 - a. The "Service Category" listed must be identified in the subgrantee's Needs Assessment and enclosed with the grant application. In the Needs Assessment, the poverty-related problem must be stated so as to give the what, why, who, and where. The statement must clearly and concisely identify the real problem, the causes of the problem, the number and characteristics of those affected, and the geographical area affected. A copy of the assessment process and results must be on file at the subgrantee's office for review by the OEO.
 - b. In the Needs Assessment, give current statistical data that supports and documents the causes and severity of the problem/need. The statistical data serves to clarify the scope and magnitude of the problem/need. It must be specific and must relate to the identified problem/need. Give titles and dates of sources used.
2. **Total Funds for this Project from All Sources:** Enter the total amount of funding planned to be received from all funding sources for the implementation of project addressed on the 512.

Section II – Goals, Direct Measures, Outcome Statement(-s) & Performance Target Outcome(-s)

3. **ROMA Goals:** Check the box next to the national ROMA goal(-s) that the project will address with the associated **Direct Measures** and **National Indicators** being recorded alongside. The **Direct Measures** and **National Indicators** can be referenced from the OCS Monitoring & Assessment Task Force National Goals & Outcome Measures (Appendix F-1), and the National Indicator Listing (Appendix F-2).

4. **Project Outcome Statement:** Enter the project outcome statement—an inspiring statement that defines the end state sought, stated in customer terms, for example, “All persons served by the ____ program will get and keep a decent job.” Craft outcome statements consistent with the National ROMA Goals: What is the end state sought for customers, the agency or the community? What is it that we want to inspire ourselves to achieve for all people to be served by the program? *(Formerly referred to as the “project goal.”)*
5. **Performance Target Outcomes:** Enter the performance target outcome for the project. The performance target will define success for the program in terms of what the customer will actually achieve, for example, “Get and keep a job for one year.” The Performance Target Outcome will state the number or percentage of customers entering the program who will achieve the performance target(s). Develop measures (performance targets) that directly contribute to the outcome. Who are your customers? What are their conditions and behaviors? What is the definition of “success” for the project? How many people will you work with this year and how many of them will significantly change their behavior, condition or status? Measures (performance targets) should: indicate the type of change, the degree of change and by when; be measurable, verifiable and doable with a *stretch*; answer the question, “What is success?” and connect to investor outcomes. *(Formerly known as the project “impact outcome.”)*
6. **Approach:** Enter a general description of the approach (methodology, product description) to be used for achieving the performance target outcome. Describe the product and its core features. What “vehicle” will you use to influence customer change? What activities, services, strategies, tactics, actions, etc. will be used? What quality and quantity will be necessary to get a customer to the target? The approach, or product description, must connect in an obvious way to the needs and characteristics of customers.
7. **Selection Rationale:** Describe why the proposed strategies have been selected, and why they are expected to be effective. Discuss “prior results and learning,” or what you will do differently to achieve targeted program outcomes, based on research or prior experience. If other community resources are being applied to the problem, describe how the proposed approach or activities will differ from, reduce barriers to or fill gaps in existing services.
8. **Partnerships:** Lists other entities involved in and supporting the specific project to include a clear definition of the role and responsibility of each partner.
9. **Client Activities/Milestones:** Enter the actions or steps most customers will need to complete to reach the performance target. Client activities (milestones) should be relatively sequential and verifiable (see the paragraph below). All client activities (milestones) should work towards and ultimately result in the performance target identified above. Some examples of relative client activities (milestones) are:
 - (1) engagement
 - (2) taking first steps
 - (3) sustaining intermediate gains
 - (4) getting to the target
 - (5) sustaining gains.

Verification: Enter the indicator(s) that will be used to establish or confirm and document that client activities/milestones have been achieved. Verification may be by direct evidence, such as a demonstration of skills or knowledge gained; by third party, such as written employer confirmation of a customer’s job status; and/or by customer reports, such as a customer follow-up questionnaire.

Projected Quarterly Results: For each client activity/milestone, project and enter the total number of customers who will have achieved each activity by the end of each quarter. For each quarter, list the total of customers you expect to have reached the specified activity (milestone).

Actual Quarterly Results: When the project is approved, use this form to track and monitor program progress. At the end of each quarter, enter the total number of customers who have been verified as actually achieving each of the specified activity/milestones, in accordance with the preceding example.

OCS' Monitoring and Assessment Task Force
National Goals and Outcome Measures

Effective October 1, 1999

For each goal that corresponds to the work your agency does, select at least one measure to report on, based on a current needs assessment survey. If you feel that none of the measures under a particular goal is a good measure of the work actually done by your agency, create a measure that more accurately reflects the work you do. In addition, note that some of the measures could easily apply to other goals as well as the one under which they are listed; use them wherever they seem most appropriate to you.

In measures below, number, wherever it appears, is to be expressed in two parts: the actual count, and the baseline total. For example, when the measure is number of households maintaining employment, express it as a factor of the total number of households served by the agency (e.g., 27 out of 86). Do not indicate percentages (e.g., 31.4% or even 31 out of 100, unless your baseline total is actually 100 households); the data need to be aggregated with that of other agencies before percentages are calculated.

GOAL 1: (SELF-SUFFICIENCY)

LOW-INCOME PEOPLE BECOME MORE SELF-SUFFICIENT

Direct measures:

- a. Number of participants seeking employment who obtain it [as compared with the total number of participants].
- b. Number of participants maintaining employment for a full twelve months.
- c. Number of households in which adult members obtain and maintain employment for at least ninety days.
- d. Number of households with an annual increase in the number of hours of employment.
- e. Number of households gaining health care coverage through employment.
- f. Number of households experiencing an increase in an annual income as a result of earnings.
- g. Number of households experiencing an increase in annual income as a result of receiving allowable tax credits, such as the earned income and childcare tax credits.
- h. Number of custodial households who experience an increase in annual income as a result of regular child support payments.
- i. Number of participating families moving from substandard housing into stable standard housing, as compared with the total number of participating families.
- j. Number of households which obtain and/or maintain home ownership.
- k. Number of minority households which obtain and/or maintain home ownership.
- l. Number of people progressing toward literacy and/or GED.
- m. Number of people making progress toward post-secondary degree or vocational training.
- n. Other outcome measure(s) specific to the work of your agency.

Survey question measures:

- o. Number of clients who consider themselves more self-sufficient since participating in services or activities of the agency.
- p. Number of clients reporting an increase in income since participating in the services of the agency.

Scale measures:

- q. Number of households which demonstrated movement up one or more steps on a scale or matrix measuring self-sufficiency
- r. Number of households achieving positive movement in self-sufficiency as demonstrated by an increase of at least one point in an overall score of a Family Development Scale.
- s. Number of households achieving stability in the _____ dimension of a Family Development Matrix.

GOAL 2: (COMMUNITY REVITALIZATION)

THE CONDITIONS IN WHICH LOW-INCOME PEOPLE LIVE ARE IMPROVED

Direct Measures:

- a. Number of accessible, living wage jobs created and/or retained.
- b. Increase in assessed value of homes as a result of rehabilitation projects.
- c. Increase in proportion of state and federal funds allocated for meeting emergency and long-term needs of the low-income population.
- d. Increase in access to community services and resources by low-income people.
- e. Increase in available housing stock through new construction.
- f. Increase in the availability and affordability of essential services, e.g. transportation, medical care, child care.
- g. Other outcome measure(s) specific to the work done by your agency.

Survey question measures:

- h. Number of households who believe the agency has helped improve the conditions in which they live.

Scale measures:

- i. Number of communities which demonstrated movement up one or more steps on a scale or matrix measuring community self-sufficiency, community health, or community vitality.
- j. Number of communities achieving stability in the _____ dimension of the Community Scaling Tool.

GOAL 3: (COMMUNITY REVITALIZATION)

LOW-INCOME PEOPLE OWN A STAKE IN THEIR COMMUNITY

Direct measures:

- a. Number of households owning or actively participating in the management of their housing.
- b. Amount of "community investment" brought into the community by the Network and targeted to low-income people.
- c. Increase in minority businesses owned.
- d. Increase in access to capital by minorities.
- e. Increased level of participation of low-income people in advocacy and intervention activities regarding funding levels, distribution policies, oversight, and distribution procedures for programs and funding streams targeted for the low-income community.
- f. Other outcome measure(s) specific to the work done by your agency.

Survey question measures:

- g. Number of households participating or volunteering in one or more groups.
- h. Number of households who say they feel they are part of the community.

Scale measures

- i. Number of communities which demonstrated movement up one or more steps on a scale or matrix measuring community self-sufficiency, community health, or community vitality.
- j. Number of communities achieving stability in the _____ dimension of the Community Scaling Tool.

GOAL 4:

PARTNERSHIPS AMONG SUPPORTERS AND PROVIDERS OF SERVICES TO LOW-INCOME PEOPLE ARE ACHIEVED

Direct measures:

- a. Number of partnerships established and/or maintained with other public and private entities to mobilize and leverage resources to provide services to low-income people.
- b. Number of partnerships established and/or maintained with other public and private entities to complete the continuum of care for low-income people.
- c. Number of partnerships established and/or maintained with other public and private entities which ensure ethnic, cultural, and other special needs considerations are appropriately included in the delivery service system.
- d. Other outcome measure(s) specific to the partnerships created by local agencies.

Survey question measures:

- e. Number of principal partners who are satisfied with the partnership.
- f. Partner's rating of the responsiveness of the agency.

Scale Measures:

- g. Number of agencies which demonstrated movement up one or more steps on a scale or matrix measuring agency partnership capacity.
- h. Number of agencies achieving stability in the _____ dimension of an agency partnership capacity scaling tool.
- i. Number of agencies that achieve and maintain commitments from other service and resource partners to carry out agency mission.
- j. Number of agencies that establish and maintain commitments to provide resources to partner organizations that serve agency customers.
- k. Number of agencies that establish and maintain coordination of agency and non-agency resources to create
- a. a programmatic continuum of services with outcome-based objectives establishes and maintains a selection process which ensures that low-income community members are elected in a public process.

GOAL 5:

AGENCIES INCREASE THEIR CAPACITY TO ACHIEVE RESULTS

Direct measures:

- a. Total dollars mobilized by the agency.
- b. Total dollars mobilized by the agency as compared with CSBG dollars.

- c. Number of boards making changes as a result of a periodic organizational assessment.
- d. Number of programs which have become more effective as a result of research and data (their own as well as others).
- e. Number of programs which have become more effective as a result of needs assessment surveys.
- f. Number of families having their situation improved as a result of comprehensive developmental services.
- g. Increase in community revitalization as a result of programs.
- h. Number of agencies increasing their number of funding sources and increasing the total value of resources available for services to low-income people.
- i. Number of agencies leveraging non-CSBG resources with CSBG resources at a ratio greater than 1:1.
- j. Number of agencies where board composition accurately represents the ethnic diversity of the service territory.
- k. Number of agencies where customers served accurately represents the ethnic diversity of the service territory.
- l. Number of agencies where staffing component accurately represents the ethnic diversity of the service territory.
- m. Number of development contacts as a result of outreach programs.
- n. Number of special populations showing improvement as a result of programs aimed at the population.
- o. Number of clients showing improvement as a result of emergency services received.
- p. Other outcome measure(s) specific to the work done by local agencies.

Scale measures:

- q. Number of agencies that achieve and maintain compliance with all applicable Federal, State, and local statutes, regulations, and requirements.
- r. Number of agencies that achieve and maintain a governance process that is inclusive, representative of, and accountable to the community.
- s. Number of agencies that achieve and maintain a workforce environment which empowers and develops its employees, has open communications, pays its employees a living wage, and is mission-driven.
- t. Number of agencies which achieve and maintain a planning, measurement, and evaluation system which creates a programmatic, continuum of services with outcomes-based objectives, and where the measurements of programs are used to improve services.
- u. Number of agencies that achieve and maintain communication and feedback processes that engage all stakeholders.
- v. Number of agencies that establish and maintain a process where evaluations are used to improve services.

GOAL 6: (FAMILY STABILITY)

LOW-INCOME PEOPLE, ESPECIALLY VULNERABLE POPULATIONS, ACHIEVE THEIR POTENTIAL BY STRENGTHENING FAMILY AND OTHER SUPPORTIVE SYSTEMS

Direct measures:

- a. Number of aged households maintaining an independent living situation.
- b. Number of disabled or medically challenged persons maintaining an independent living situation.
- c. Number of households in crisis whose emergency needs are ameliorated.
- d. Number of participating families moving from homeless or transitional housing into stable standard housing.
- e. Number of households in which there has been an increase in donation of time to volunteer activities (not mandated by welfare-to-Work Plans).
- f. Number of households in which there has been an increase in children's involvement in extracurricular activities.
- g. Number of high consumption households realizing a reduction in energy burden
- h. Number of households moving from cultural isolation to involvement with their cultural community.
- i. Other outcome measure(s) specific to the work done by your agency.

Survey question measure:

- j. Number of households indicating improved family functioning since participating in the services or activities of the agency.

Scale measures:

- k. Number of households moving from crisis to stability on one dimension of a scale.
- l. Number of households moving from vulnerability to stability on one dimension of a scale.
- m. Number of households moving from a condition of crisis to a condition of vulnerability on one dimension of a scale.

National Indicators Listing

Goal 1: Low-Income People Become More Self-Sufficient

National Performance Indicator 1.1 – Employment

The number and percentage of low-income participants in community action employment initiatives who get a job or become self-employed as measured by one or more of the following:

- A. Unemployed and obtained a job.
- B. Employed and obtained an increase in employment income.
- C. Achieved "living wage" employment and benefits.

National Performance Indicator 1.2 – Employment Supports

The number of low-income participants for whom barriers to initial or continuous employment are reduced or eliminated through assistance from community action as measured by one or more of the following:

- A. Obtained pre-employment skills/competencies required for employment and received training program certificate or diploma.
- B. Completed ABE/GED and received certificate or diploma.
- C. Completed post-secondary education program and obtained certificate or diploma.
- D. Enrolled children in "before" or "after" school programs, in order to acquire or maintain employment.
- E. Obtained care for child or other dependant in order to acquire or maintain employment.
- F. Obtained access to reliable transportation and/or driver's license in order to acquire or maintain employment.
- G. Obtained health care services for themselves or a family member in support of employment stability.
- H. Obtained safe and affordable housing in support of employment stability.
- I. Obtained food assistance in support of employment stability

National Performance Indicator 1.3 – Economic Asset Enhancement and Utilization

The number and percentage of low-income households that achieve an increase in financial assets and/or financial skills as a result of community action assistance, and the aggregated amount of those assets and resources for all participants achieving the outcome, as measured by one or more of the following:

- A. Enhancement –
 - 1. Number and percent of participants in tax preparation programs who identify any type of Federal or State tax credit and the aggregated dollar amount of credits
 - 2. Number and percentage obtained court-ordered child support payments and the expected annual aggregated dollar amount of payments.
 - 3. Number and percentage enrolled in telephone lifeline and/or energy discounts with the assistance of the agency and the expected aggregated dollar amount of savings.
- B. Utilization –
 - 4. Number and percent demonstrating ability to complete and maintain a budget for over 90 days.
 - 5. Number and percent opening an Individual Development Account (IDA) or other savings account and increased savings, and the aggregated amount of savings.
 - 6. Of participants in a community action asset development program (IDA and others):
 - a. Number and percent capitalizing a small business due to accumulated savings.
 - b. Number and percent pursuing post-secondary education due to savings.
 - c. Number and percent purchasing a home due to accumulated savings

Goal 2: The Conditions in Which Low-Income People Live are Improved

National Performance Indicator 2.1 Community Improvement and Revitalization

Increase in, or preservation of opportunities and community resources or services for low-income people in the community as a result of community action projects/ initiatives or advocacy with other public and private agencies, as measured by one or more of the following:

<u><i>Number of Projects/Initiatives</i></u>	<u><i>Number of Opportunities</i></u>
--	---

- | | | |
|--|-------|-------|
| A. Accessible "living wage" jobs created or retained in the community. | _____ | _____ |
| B. Safe and affordable housing units created in the community. | _____ | _____ |
| C. Safe and affordable housing units in the community preserved or improved through construction, weatherization or rehabilitation achieved by community action activity or advocacy | _____ | _____ |
| D. Accessible and affordable health care services/facilities for low-income people created or maintained. | _____ | _____ |
| E. Accessible safe and affordable childcare or child development placement opportunities for low-income families created or maintained. | _____ | _____ |
| F. Accessible "before" school and "after" school program placement opportunities for low-income families created or maintained. | _____ | _____ |
| Accessible new, preserved, or expanded transportation resources available to low-income people, including public or private transportation. | _____ | _____ |
| G. Accessible preserved or increased educational and training placement opportunities for low-income people in the community, including vocational, literacy, and life skill training, ABE/GED, and post-secondary education | _____ | _____ |

National Performance Indicator 2.2 -- Community Quality of Life and Assets

The quality of life and assets in low-income neighborhoods are improved by community action initiative or advocacy, as measured by one or more of the following:

- A. Increases in community assets as a result of a change in law, regulation or policy, which results in improvements in quality of life and assets;
- B. Increase in the availability or preservation of community facilities;
- C. Increase in the availability or preservation of community services to improve public health and safety;
- D. Increase in the availability or preservation of commercial services within low-income neighborhoods; and
- E. Increase or preservation of neighborhood quality-of-life resources.

Goal 3: Low-Income People Own a State in Their Community

National Performance Indicator 3.1 – Civic Investment

The number of volunteer hours donated to Community Action.

The current CSBG/IS Survey collects this information and most already report the number of hours volunteered by local residents. Please report the number found in Part I: Section F, Subsection IV (g) of the CSBG/IS Survey here.

National Performance Indicator 3.2 – Community Empowerment through Maximum Feasible Participation

The number of low-income people mobilized as a direct result of community action initiative to engage in activities that support and promote their own well-being and that of their community as measured by one or more of the following:

- A. Number of low-income people participating in formal community organizations, government, boards or councils that provide input to decision-making and policy setting through community action efforts.
- B. Number of low-income people acquiring businesses in their community as a result of community action assistance.
- C. Number of low-income people purchasing their own homes in their community as a result of community action assistance.
- D. Number of low-income people engaged in non-governance community activities or groups created or supported by community action.

Goal 4: Partnerships Among Supporters and Providers of Service to Low-Income People are achieved

National Performance Indicator 4.1 – Expanding Opportunities through Community-Wide Partnerships

The number of organizations, both public and private, community action actively works with to expand resources and opportunities in order to achieve family and community outcomes.

Goal 5: Agencies Increase Their Capacity to Achieve Results

National Performance Indicator 5.1 – Broadening the Resource Base

The number of dollars mobilized by community action, including amounts and percentages from:

- A. Community Services Block Grant (CSBG)
- B. Non-CSBG Federal Programs
- C. State Programs
- D. Local Public Funding

- E. Private Sources (including foundations and individual contributors, goods and services donated)
- F. Value of volunteer time

Goal 6: Low-Income People, Especially Vulnerable Populations, Achieve Their Potential by Strengthening Family and Other Supportive Systems

National Performance Indicator 6.1 – Independent Living

The number of vulnerable individuals receiving services from community action that maintain an independent living situation as a result of those services:

- A. Senior Citizens; and
- B. Individuals with Disabilities

National Performance Indicator 6.2 – Emergency Assistance

The number of low-income individuals or families served by community action that sought emergency assistance and the percentage of those households for which assistance was provided, including such services as:

- A. Food
- B. Emergency Payments to Vendors, including Fuel and Energy Bills
- C. Temporary Shelter
- D. Emergency Medical Care
- E. Protection from Violence
- F. Legal Assistance
- G. Transportation
- H. Disaster Relief

National Performance Indicator 6.3 – Child and Family Development

The number and percentage of all infants, children, youth, parents, and other adults participating in developmental or enrichment programs that achieve program goals, as measured by one or more of the following:

A. Infants and Children –

- 1. Infants and children obtain age appropriate immunizations, medical and dental care.
- 2. Infant and child health and physical development are improved as a result of adequate nutrition.
- 3. Children participate in pre-school activities to develop school readiness skills.
- 4. Children who participate in pre-school activities are developmentally ready to enter Kindergarten or 1st Grade.

B. Youth –

- 1. Youth improve physical health and development.
- 2. Youth improve social/emotional development.
- 3. Youth avoid risk-taking behavior for a defined period of time.
- 4. Youth have reduced involvement with criminal justice system.
- 5. Youth increase academic, athletic or social skills for school success by participating in before or after school programs.

C. Parents and Other Adults –

- 1. Parents and other adults learn and exhibit improved parenting skills.
- 2. Parents and other adults learn and exhibit improved family functioning skills.

Step 1: Preliminary Agency Checklist – Matching Activities to Performance Indicators

As indicated, community action agencies and eligible entities are asked to submit ROMA outcome information only for those national performance indicators for which they have supporting programs and activities (CSBG *and* all other funding sources).

In order to help agencies identify national performance indicators relevant to their programs and activities, the following **Preliminary Agency Checklist** cross-references various community action services, activities and funding sources to the 12 national performance indicators.

PRELIMINARY AGENCY CHECKLIST

Each local agency is encouraged to use this Preliminary Agency Checklist as a tool to sort through the 12 national performance measures and identify those that apply to programs and activities, and those that do not.

In addition, the Checklist can serve as a planning guide for transferring current ROMA outcome data to the national performance indicator section of the annual ROMA report. The Checklist shows the location of current ROMA outcome measures within the 12 new national performance indicators.

2006 CSBG and LIHEAP Revised Budget Form

Instructions

Note:

- 1- There are 3 Program Activity Budget Forms:
Administration
Case Management
Support Services
- 2- The **Summary** sheet cumulates the information represented on the 3 Activity Budgets.
- 3- Detail worksheets are provided for each Program Activity Budget form for the following budget line items:

Salaries	Travel
Fringes	Support Services/Client Services
Merit/Cola Salary Adjustments	

Suggestions:

1. Complete the Section I of the Program Activity: **Administration**. This section will automatically copy into all other worksheets.
2. Enter the your agency's **Indirect Cost** figure in Section II of the Program Activity: **Administration**. This section will automatically copy into the other 2 Activity Budget worksheets.
3. Complete the **Salary Detail** worksheets for each Program Activity. The Total **Project Cost** represented on the worksheets will automatically copy into the Activity Budget worksheets. (You will have to develop your on formula to compute **Annual Cost** and distribute to the proper grant component.)
Note: Make sure you use the same formula method to calculate on each budget.
4. Complete the **Fringe Detail** worksheet. Enter base salary for each **Program Activity**. (You may want to create a formula or copy **% of Salary** from one Program Activity section to another.) The Total Fringes will automatically copy into Activity Budget worksheets. Caution: The order has changed.
5. If necessary complete the **Merit/Cola Salary Adjustment Detail** worksheet. The **Total Merit/Cola Cost** will automatically copy into the Activity Budget worksheets.
6. Complete the **Travel Narrative** worksheet for each Program Activity. The **Total Travel** will automatically copy into the Program Activity Budget worksheets.
7. Complete the Support Service/Client Services Narrative. In the 2006 CSBG program year services are to be budget by nine (9) of the ROMA service areas not programs:

Emergency Services (GEAP)	Health
Housing	Education
Employment	Nutrition
Self-Sufficiency - Child Care and Transportation	Income Management
Linkages - Partnerships	

Note: You may wish to reference a particular program, for example:

"Barrier Removal" within a service description but the budget is to be represented under the ROMA service areas. (may have several)

This section will automatically copy the Program Activity : Support Services worksheet.

The benefit to this process is to allow the FINAL FSR to be used in reporting and comparing services reported on the IS data reported to HHS to meet ROMA requirements.

8. There is **NO Worksheet** detail for the **OPERATIONAL** or **CONTRACTUAL** budget line items on the Program Activity budget forms. A description is required and the amount budgeted will be compared to historical expenditures for these line items. Remember to follow procurement guidelines. Additional information may be requested.

9. An **Annual Equipment Budget Form** will need to be completed for each Program Activity budget that has equipment purchases represented. The equipment threshold is \$1,500. Remember with purchases over \$1,500 to supply a copy of 3 competitive bids and Executive Director approval. **All computer/technology purchases need to be listed and a copy of specifications included.** (confirm compatibility with ROMA)

10. **Energy Counseling IDC** is Automatically calculated on the Program Activity budget for Administration.

11. If you are not using a worksheet for example: **Admin MeritCola Det.** 1106 move the worksheet to the end of the sheet tabs. The tab reference of 1106 represents the forms effective date of January 1st, 2006.

12. Most agencies will use the **Program Activity budget form for Administration** to budget LIHEAP admin. only.

13. Sheets are protected. If you have trouble with the form please call.

14. We encourage you to submit a draft of your budget to Cathy William by email. It would also be to your agency's benefit to have a color copier and updated EXCEL software.

15. Use your **SUMMARY** worksheet as a tool as you work the budget to track the balance. Note the 2006 Budget revised signature requirements. The **Summary** worksheet is the only sheet with signature lines.

16. For **Budget purposes only** the new Board Approval form may be completed and submitted with each budget requiring Board approval. This may take the place of minutes.

Board Approval

Grants administered by the State of South Carolina's Governor's Office of Economic Opportunity (OEO) require Community Action Agencies, as eligible entities, comply with Section 676B of the CSBG Act assuring an appropriately constituted and well-functioning tripartite board. Effective tripartite boards reflect and promote the unique anti-poverty leadership, action, and mobilization responsibilities assigned by law to Community Action Agencies. Boards are responsible for assuring that agencies continue to assess and respond to the causes and conditions of poverty in their community, achieve anticipated family and community outcomes, and remain administratively and fiscally sound. The Community Services Block Grant Reauthorization Act of 1998 requires entities administer their CSBG program through tripartite boards that "fully participate in the development, planning, implementation, and evaluation of the program to serve low-income communities."

Community Services Block Grant

Prior Year Report on PY 2007 Accomplishments

BACKGROUND

The South Carolina Office of the Governor, Office of Economic Opportunity (OEO), is the State's administering agency for the Community Services Block Grant (CSBG). The Office contracts with 15 community action agencies (CAAs) which assist low-income people who have poverty related problems.

South Carolina granted 90 percent of the CSBG allocation for the Program Year 2007 to community action agencies based on the percentage of poor people who live in a CAA area.

The State awarded Youth Leadership (discretionary) grants using 5 percent of the CSBG allocation to community action agencies and the state association, in an effort to further facilitate the State's goal of creating innovative approaches to address the issues of poverty.

The OEO requires each CAA to send data to the OEO on program accomplishments on a quarterly and annual basis, at a minimum. Program Coordinators from the OEO monitor the agencies during the grant cycle at least once. Each Subgrantee was monitored in PY 2007.

Information from these sources comprises this report. The data has been applied to the General Areas of Need Identified in the 2007 State Plan and are valid through December 31, 2007.

The 15 CAAs coordinate projects with other social service agencies in their respective areas. These other agencies consist of the South Carolina Employment Security Commission, Job Service, the SC Department of Social Services, the SC Department of Health and Environmental Control, the South Carolina Lieutenant Governor's Office on Aging. They also coordinate with units of local government, local churches, civic groups, businesses, and special interest groups.

In 2007, the CAAs received the aggregate sum of \$10,265,411.55 for the provision of project activities to serve approximately 200,000 eligible clients. Of that, \$626,244.55 represents 2006 CSBG unexpended funds. The State was not awarded a Community Food & Nutrition (CF&N) grant in 2007.

SUMMARY

The South Carolina Office of the Governor, Office of Economic Opportunity adheres to the Federal requirements for administration of the Community Services Block Grant. Through the efforts of the 15 CAAs, the poor in every county in South Carolina are being served with CSBG projects. The results contained in the prior year report clearly demonstrate compliance with the assurance, the State Plan and the Federal requirements associated with the legislation.

FISCAL/TECHNICAL ASSISTANCE MEMORANDUM F 08- 01 (Revised)

APPENDIX I

TO: See Distribution
FROM: Jeanine S McCall, Senior Manager for Audits
DATE: July 12, 2007
RE: Independent, Single Audit Review and Appeals Procedures for Nonprofit Organizations

This memorandum supersedes previously issued OEO Technical Assistance Memo F 08-01 (Revised), dated October 17, 2005.

PURPOSE

The purpose of this memorandum is to set forth standards for obtaining consistency and uniformity among nonprofit organizations, local governments and other entities expending federal awards. The following regulations are federal audit requirements for grant agreements with the Office of Economic Opportunity:

1. Human Services Reauthorization Act of 1984, Public Law 98-558.
2. OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations (Issued pursuant to the Single Audit Act of 1984, Public Law 98-502 and the Single Audit Act Amendments of 1996, Public Law 104-156).
3. OMB Circular A-110, Uniform Administrative Requirements for Grants and Other Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations.
4. OMB Circular A-129, Policy for Federal Credit Programs and Non-Tax Receivables, Part V Delinquent Debt Collection.
5. Uniform Requirements for Grants and Cooperative Agreements with State and Local Governments (Common Rule).
6. OMB Circular A-122, Cost Principles for Non-Profit Organizations.

SINGLE AUDIT

1. Definition

An audit which includes the subgrantee's financial statements and the federal awards as described in OMB Circular A-133, Subsection .500.

2. Audit Requirements

Subgrantees that expend \$500,000 or more in a fiscal year in federal awards shall have a single audit conducted for that year in accordance with the provisions of this part.

Audits must be conducted in compliance with federal and state laws and Government Auditing Standards established by the Comptroller General of the United States and Generally Accepted Auditing Standards established by the American Institute of Certified Public Accountants (AICPA).

3. Sanctions

When a subgrantee demonstrates a continued inability or unwillingness to have an audit conducted in accordance with these standards, OEO will institute appropriate sanctions which could include, but are not limited to, withholding future

federal awards, disallowing overhead costs, suspending federal awards until the audit is completed and submitted or terminating federal awards.

4. Audit Costs

Professional fees associated with audits are allowable charges if made in compliance with OMB Circular A-133 and may be allocated as indirect cost. Generally, the percentage of costs charged shall not exceed the percentage derived by dividing OEO program funds by total federal funds expended by the subgrantee during the agency's fiscal year under audit.

SELECTION OF AUDITORS

When procuring audit services, the subgrantee shall use the guidelines provided in OEO Technical Assistance Memorandum F 02-01 (Procurement Procedures). Each Request for Proposal for audit services shall be for a period not to exceed three (3) consecutive fiscal years. At a minimum, procurement of audit services shall include advertisement of the Request for Proposal in the South Carolina Business Opportunities newsletter, published by the State Budget and Control Board, and the newsletter of the South Carolina Association of Certified Public Accountants.

When requesting proposals for audit services, the objective and scope of the audit should be made clear. Factors to consider in evaluating each proposal include responsiveness to the proposal, relevant experience, staff professional qualifications, technical abilities, and price. Whenever possible, the subgrantee is encouraged to make positive efforts to utilize small businesses, minority-owned firms, and women's business enterprises (OMB Circular A-133).

In compliance with the Sarbanes-Oxley Act of 2002 Sec. 203, an incumbent auditor can submit bids for consecutive subsequent periods; however, the lead auditor or audit partner responsible for reviewing the audit may provide such services for no more than five (5) consecutive fiscal years. After such time, a new lead auditor or audit partner shall be appointed.

INDEPENDENT AUDIT REPORT SUBMISSION

The independent audit shall be completed and the required report submitted to OEO within nine (9) months of the close of the agency's fiscal year-end. The report shall include an opinion (or disclaimer of opinion) as to whether the subgrantee complied with the laws, regulations and provisions of the grant agreements, Schedules of Budget and Incurred Costs, and the Schedule of Findings and Questioned Costs.

Within thirty (30) days following receipt of the independent audit report, the subgrantee must provide OEO:

1. Two (2) copies of the Independent Audit Report
2. Any necessary supporting documents
3. An explanation of adjustments to the amounts reported on the final FSR
4. Information that may be pertinent to the grant

The subgrantee will forward at least one (1) copy of the independent audit report to each funding source represented in the report, exclusive of OEO's required copies.

OEO AUDIT RESPONSIBILITIES

1. Audit subgrantee activities to ensure that federal awards are used for authorized purposes and in compliance with the laws and regulations governing the provisions of each grant agreement;
2. Ensure that the subgrantee has satisfactorily met the fiscal year-end audit requirements;
3. Ensure the subgrantee takes appropriate and timely corrective action;
4. Follow-up on prior year's audit findings; and
5. Issue the Desk Audit Report.

OEO DESK AUDIT

A desk audit is performed annually to ascertain each agency's grant agreement compliance and to examine questioned costs and findings as reported in the independent audit report. At the same time, the desk audit is used to determine any fund balances due OEO and grant agreement violations not reported in the independent audit report.

OEO will use the Desk Audit Guide to determine audit acceptability. For each program, OEO's Desk Audit Report will describe:

- A. Audit findings or questioned costs
- B. Justification for each such finding or question
- C. Disposition of each questioned cost - allowed or disallowed
- D. A decision on disallowed costs
- E. Amount of funds involved, if any, and total sum in question

The desk audit will be conducted within six (6) months following receipt of the subgrantee's independent audit report. Once the desk audit is complete, OEO will address the initial Desk Audit Report to the subgrantee's Executive Director. A copy of the report will be sent to the agency's Board of Directors Chairperson and appropriate OEO staff (Executive Director, Program and Fiscal Managers).

The subgrantee shall respond to the initial report in writing to the OEO Senior Auditor within thirty (30) business days of the date of the report. Failure to respond to the initial report within the required time shall signify the agency's acceptance of the report's findings.

Any follow-up correspondence regarding the initial report will be sent to the subgrantee's Executive Director unless otherwise requested by the subgrantee's Board of Directors. When the subgrantee fails to respond to follow-up correspondence within the requested time frame, correspondence will be sent to the Board Chairperson. The agency's failure to respond may result in a suspension of future funding.

DISALLOWED COSTS

The OEO desk audit report shall identify questioned costs (i.e. over-expended line items) that OEO has classified as disallowed. The disallowed costs shall be payable to the OEO within forty-five (45) days from the date of the initial desk audit report. Payment methods permitted to satisfy disallowed costs are as follows:

1. Lump-sum Payment

The OEO must receive the total disallowed sum within the aforementioned time period. If the subgrantee is financially unable to make full payment within this time frame, this fact must be stated to the OEO Senior Auditor in writing within twenty (20) business days of the date of the initial desk audit report. The subgrantee will be subject to an OEO field audit to document the non-federal/non-state funds available for repayment of delinquent debt.

2. Installment Payments

Subsequent to verification of the subgrantee's inability to repay in lump-sum, OEO will establish an agreement with the subgrantee for installment payments. Those terms will be provided in writing. The standard repayment period is twelve months, not to exceed a thirty-six month maximum time allowance. Monthly payments will be due OEO by the 15th of each month. Quarterly payments will be due OEO by the 15th day of the last month in the quarter.

3. Delinquent Payments

If a subgrantee fails to repay funds within the required time frame, the regulations mandated by OMB Circular A-129, Policies for Federal Credit Programs and Non-Tax Receivables, Part V-Delinquent Debt Collection and 4 CFR Chapter 11-Federal Claims Collection Standards (General Accounting Office – Department of Justice) may be exercised in the collection of delinquent debt.

SUMMARY

The purpose in establishing these procedures is to permit a thorough and fair review of audit questions and disallowances. The OEO shall revise these procedures as needed in order to maintain compliance with state and federal requirements.

ASSISTANCE MEMORANDUM F01- 05 REVISED

TO: See Distribution
FROM: Ann Harmon, Senior Manager of Fiscal Services
SUBJECT: Cash Management of OEO Federally Funded Programs
DATE: June 7, 2007

OMB Circular A-133, Compliance Supplement, (C.) Cash Management, Control Objectives, states, when funds are advanced, recipients must follow procedures to minimize the time elapsing between the transfer of funds from the U.S. Treasury and disbursement. When advance payment procedures are used, recipients must establish similar procedures for subrecipients. Pass-through entities (OEO) must monitor cash drawdowns by their subrecipients to assure that subrecipients conform substantially to the same standards of timing and amounts as apply to the pass-through entity. In an effort to improve compliance with the Federally mandated Cash Management Act (CMIA) 31CFR 205 passed by Congress in 1990, as amended in 1992, the Office of Economic Opportunity (OEO) is revising procedures regarding cash management. **Effective January 1, 2007**, the beginning of the 2007 CSBG and LIHEAP program year and **April 1, 2007** for the Weatherization program year, disbursements to subgrantees will be processed by OEO as follows:

First Payment:	A check will be issued to subgrantees in an amount equal to twenty five percent (25%) of the allocation stated in and contingent on a subgrantee's executed grant agreement, approved work plan and budget and Federal availability.
Second Payment:	A check will be issued to subgrantees in an amount equal to twenty five percent (25%) of allocation stated in subgrantee's executed grant agreement contingent on the following compliance: OEO has received the Final Financial Status Report (FSR) of the previous grant period and current program year FSR documents expenditures, accruals, and obligations of at least twenty percent (20%) of the current budget.
Third Payment:	A check will be issued to subgrantees in an amount equal to twenty five percent (25%) of allocation stated in subgrantee's executed grant agreement contingent on the following compliance: OEO has received second payment compliance and subgrantees current program year FSR documenting expenditures, accruals, and obligations of at least forty percent (40%) of the current budget (should include prior program year unexpended.)
Final Payments:	A check will be issued to subgrantees in an amount equal to twenty five percent (25%) of allocation stated in subgrantee's executed grant agreement contingent on the following compliance: OEO has received sub-grantees current program year FSR documenting expenditures, accruals, and obligations of at least sixty percent (60%) of the current budget (should include prior program year unexpended.)

Note:

If an agency cannot document expenditures, accruals, and obligations of at least the required percentage, the agency Executive Director should submit a letter of justification to the OEO Director explaining whatever extenuating circumstances may have prevented meeting the goal. If the justification is accepted by the OEO Director, a check will be issued. If the justification is not accepted, the check will be delayed and the OEO will make a training and technical assistance visit to the

agency to determine the nature of the problem and to help the agency find a workable solution. Once the agency and the OEO have agreed to a workable solution, a check will be issued to the agency.

Conditions of Payment:

- **If Federal funding is awarded to the States based on a Continuing Resolution and/or Federal Authority is withheld, advance payments to subgrantees will be calculated based on the amount received. Adjustments will be made immediately upon the receipt of the notice of full year funding (Actual Award.)**
- **Agency's have executed grant agreements and approved Work Plans and Budgets.**
- **Payments will be made to subgrantees within 30 days of the receipt of an approved FSR documenting the required expenditures and compliance of conditions of payment.**
- **Payments will be subject to required expenditures and compliance of conditions of payments based on grant performance requirements provided in agency's executed grant agreement.**

Note: The above referenced payment procedures may require modification and payments may vary when extenuating circumstances occur. (Example: Federal Awarding Agency issues supplemental grant funds that must be expedited)

Re-Allocation of Undisbursed Program Funds

In recent years, it has become more the rule than the exception for Federal funding to the states to be delayed. Therefore, at the beginning of grant periods, when agencies are allowed to retain funds at the close of the previous grant period, agencies will be allowed to expend against their prior year unexpended funds. Expenditures must comply with the agency's most current program year's approved work plan, budget, and signed grant agreement. This should ease the burden on CAAs of having to sustain programs during periods of delayed federal awards as they will be able to immediately begin expending against prior year funds. Close out procedures will continue as in previous years with actual prior year unexpended funds being incorporated in the first amendment budget.

Carefully answer the following. There are no right or wrong answers. You need to identify what makes you a unique individual and to think about your life goals.

1. Make a list of all of the classes, activities, and clubs that you enjoy.

2. Identify three of your strongest skills (e.g. sports, music, academics, art, helping other people).

3. What five words would you use to describe yourself?

4. List three life goals that you have or would like to set for yourself (e.g. high school graduation, college graduation, employment, financial security, marriage, family, home ownership).

5. List three things that are important to you (e.g. spending time outdoors, sports, having a lot of money, boyfriend/girlfriend, having a nice car, attending school).

6. List your top 3 role models.

7. List two people with whom you enjoy spending time.

Calculating Poverty Percentages:

Divide the total monthly income by the amount listed according to family size on the **100%** 2005 HHS Poverty Guidelines Table.

Example: Total monthly income for two people in household is \$1,400

100% Table for 2 people is \$1,069. 1,400 divided by 1,069 = 130%

☐ Under 75% ☐ 75% - 100%

☐ 101% - 125% ☐ 126% -150% ☐ Over 150%
